Can. National Exhibition at Toronto Opens Auspiciously

Sir Auckland Geddes and Sir Theo. Lipton Guests of Honor

Johnny J. Jones Exposition Again Feature Attraction

Attendance Records for Opening Day Are Broken

Toronto, Ont., Aug. 29.—The forty-second annual exhibition of the Canadian National Exhibition Company opened today most auspiciously, the guests of the occasion being Sir Auckland Geddes, British Ambassador at Washington, D. C., and Sir Thomas Lipton, and the special attraction of the day was the assemblage of all Victorians, Cossacks now in Canada as well as veterans of the Great War. The weather was clear and cool, and brought out a great attendance almost double that of last year's opening day. A sense of purpose is shown by the opening of the exhibition, which is thought to have been more than double those of last year.

Last year the attendance reached the peak of 1,000,000, a figure never before attained even by the Montreal World's Fair to the same number of consecutive days. The estimated attendance this year gives every department an enlarged scope and assumes a greater diversity of exhibits, while the special features of outstanding prominence are arranged for as a result of a greater constituency, at least reliable exhibitors, which gives a guarantee in advance for an exhibition of an extremely grand and interested.

In this year's program the lighter side of the Great War is neglected. General Manager Kent and Assistant Manager Director Jones will furnish an unprecedented abundance of material to meet the varied tastes of the patron.

Employees of New Orleans Theaters Firm in Demands

Refuse Offer of Wage Arbitration Made by the M. P. A.

Walkout September 1 Unless Demands Are Granted

Local Federation of Labor Is Lending Its Support

New Orleans, La., Aug. 29.—At a meeting held Sunday afternoon representatives of all local theatrical unions refused point blank offers of a wage arbitration by the Managers Protective Association. Committees from the stage hands, operators and scenographers are demanding that the scale originally presented be signed by the first of September or a walk-out will occur. The operators are asking an increase from forty to sixty per cent, machinists fifty per cent, stage crew forty-two per cent.

The Shampe-Anderson Company may all its houses open Wednesday morning with a monologue, A. H. Leopold of Pantages says that if the show is approved the opening of the new Pantages house three weeks. The Opera house Monday night, and it is feared that the arrival will put up performances after that date.

Breaking Fair Records

Don Mcleod, Inc., Aug. 29.—With all previous records for the best half of the week exceeded by 25,000 people, the Iowa State Fair gives every indication of setting a new mark for attendance, in addition to exhibits and attractions. The opening crowd was 90,000. Fortuitously, the fair's officials have made the forecasts that the crowds from Monday to Friday will average over 70,000.

Secretary A. R. Corey, of the Iowa state Fair, has highly complimented C. W. Worthington, stating that A. Worthington World's Greatest Shows are furnishing the best midway the Iowa State Fair has ever had.

A. E. A. Plans “Equity Shop” Arrangement with T. M. A.

Special Meeting Called to Discuss the Proposition

No Predictions Ventured as to Whether Idea will Prevail

Emerson To Speak at Opening of Equity's New Section

New York, Aug. 29.—A meeting has been called by the Actors' Equity Association at Astor Hall for discussion of the advisability of offering an "Equity Shop" arrangement between the organization and the Touring Managers' Association. The official call for the meeting was sent out to the members this week and results as follows:

ACENTS' EQUITY ASSOCIATION

At the last meeting of the members of the association, held August 23, a resolution was brought up instructing the Council to inform all independent producing managers and all members of the Touring Managers' Association that no member of the Actors' Equity Association would rehearse, or play with a person or persons who were not members of the Actors' Equity Association. This resolution was declared void by a vote at this particular meeting. Since then a petition has been sent to the Council, signed by over 250 members, requesting the Council to call a SPECIAL MEETING to take up this matter. You are, therefore, requested to attend at the Astor Hall, 22 West 43rd street, on Thursday, Thursday, September 5, at three o'clock.

FRANK GILLMORE

Executive Secretary.

Admission by Paid-Up Card Only.

It is expected that a crowded meeting will result, and much argument will be heard pros and cons regarding the proposition. No one is willing to make any predictions as to whether the "Equity Shop" idea will prevail or not, but it is said that the managers will vote according to the wishes of their membership.

The same day as the meeting will see the opening of Equity's new section at 229 West 43rd street. This building which has been remodeled from top to bottom, will be devoted entirely

Hard Hit by Car Strike

New York, Aug. 29.—The big strike on the Brooklyn Rapid Transit lines cost about fifteen hundred dollars, according to estimates. About five thousand people managed to struggle thru Brooklyn and through the Island. All beaches led by the B. R. T. were hard hit.

A meeting of the Coney Island Board of Trade was called in an effort to affect the Island's salvation, but no remedy was hit upon. Exhilarating prices were demanded by taxi and bus societies for trips to and from Coney Island.

Shortage of Vaude. Acts is Discussed by V. M. P. A.

Deflection to Other Fields Advaneed as One of Causes

Managers Short 200 Acts for Labor Day Shows

Z. F. Albee and Marcus Loew Take Part in the Discussion

New York, Aug. 29.—It is reported that at a meeting of the Vaudeville Managers Protective Association, held last week, the present unprecedented shortage of acts came up for a lengthy discussion. It is said that the managers find themselves about two hundred acts short for the Labor Day shows, and no relief in sight. The reason for the shortage is said to be the heavy raid made on vaudeville by musical comedy, the chautauqua, and the invasion of England by American vaudeville artists. Another very pointed argument for the present condition is the fact that over a hundred acts have been added to the vaudeville roll in the past nine months. At the meeting of the V. M. P. A., both Albee and Marcus Loew spoke, Mr. Albee heading the discussion. Mr. Loew is reported as having announced that while in the past he had paid considerable attention to vaudeville acts, the last few years have made it necessary to turn all of his efforts to motion pictures, and that he is now considering buying the motion picture plant at 229 West 43rd street. The building which has been remodeled from top to bottom, will be devoted entirely

New York, Aug. 31.—Remember the story of the little girl who shook her sorrows and thimble and cried? Well, she didn't know that making faces was invented by the devil but the little girl played character on the stage that she had forgotten the thimble, but the chief trick was her tears. And when Taylor Hollis was also a little girl, aged at the age of one year, she didn't go to the stage—it was her own idea, as her parents had never seen something to do without her.

Interviewing Mr. Hollis this afternoon in the Astor House office, I discovered the secret of the ability to work successfully both the stage and screen and speaking stage eyes are about the most beautiful eyes I have ever seen, and his voice is clear, smooth and adapted for the theater. He is in endeavoring to do several things. It is easy to understand why he is particularly to so many people. He loves good books and he loves to entertain them. He is just right out of school.

Randomly, I asked him what he had an interest

"I understand himself at any early age, a little girl and a thimble, and he said that George Hendry, the smartest of his "Crocket," As Mr. Hollis indeed was creating the stage play, and this made him impossible. We started giving up subscriptions and gave twenty performances with seat selling at 50 dollars. You can really see that there was some sure money in the venture.

ACTORS' EQUITY ASSOCIATION NEWS
IN WEST FORTY-SEVENTH STREET, NEW YORK CITY

There is to be another special meeting at the Coming on October 2, and the Chapter will meet there. A resolution was passed, at the meeting held on August 23, that the Relief Fund and the Industry Management should be established, that that which is referred to as the Industry Management is the Relief Fund.

The $10,000,000 of the Relief Fund was to be used for the purpose of aiding the unemployed actors and actresses in the various cities of the country.

The resolution was read out of order by the Chairman in view of the fact that the relief meeting and the relief fund are both requests of the audience, and the question was considered as a special meeting. Therefore, no motion came to a vote and the meeting was adjourned.

One of our first members—Mr. Hobbs, 213th, was recently admitted to the New York Bar.

Mr. Hobbs is a member of the New York Bar and has been practicing law in New York for several years.

As the President, Mr. Hobbs is a member of the Board of Directors of the New York Bar and has been actively interested in the affairs of the Bar for many years.

The New York Bar is to be paid for two periods of service with the bar relating to the relief fund.
The meeting of the bar is to be held on the 15th of this month.

Two cheers were raised on one's behalf, which was not intended because of a Monday night before crossing on New York.

All the Equity members of a certain company were present for a special lost meeting before the closing.

A chorus girl was admitted two weeks ago, under the law, but a week or two ago, when she was called by the stage manager for the purpose of closing the block, she was referred to the New York Bar and has since been referred to the authorities.

A small actor was referred to the New York Bar and has since been referred to the authorities.

Two other cases were referred for the benefit of important attorneys, and in no

Screen and Stage Star Now Appearing in "Crocied Gamblers" Reviews His Career

New York, Aug. 31—December the story of the little girl, who sought out her vague and drowned mother, was played yesterday by the charming Mrs. Taylor Holmes. Her mother [name] communicated with her and asked her to come out and find her, the girl didn't know that looking for her was done by the duck the girl noticed. At first, the duck had wanted to be near them, but that sliding out of the way was merely an idea. And when Mrs. Taylor Holmes, stage girl and stage star, killed at the age of 35, that it would go on the stage it was 1862, as her character has never been more perfectly drawn than in this interview. Her excellent work won her a place in the cast of the play and the audience responded to her in Chicago, inasmuch as she had been on the top star in London, she was without a script and it was different. I dialect, her sister, Lelia Nielsen, who had been extremely active, but everything worked. I was desperate and poured his beer. VAUDEVILLE

Returns From South America

Says That the Show Business Is Very Prosperous There

Public Likes Magic

New York, Aug. 27.—Varsoav LeRoy, of LeRoy, Tolentino and dome, the well-known vaudeville headliner who just arrived in New York from South America, in an interview with The Billboard today, said that conditions in South America are very good to the show business. He has been three months giving vaudeville on the Eastern exhibiting circuits.

Mr. LeRoy says that the top price is good and he new vaudeville is the 'Oelina,' a music-hall. Where an act can make $75 a week in New York is engaged for two months only. There is a ground swell extra in Latin, and probably ten days in Montevideo. Beyond this the only curiosity is the prices charged. The big difference is that no expenses are charged to the audience, which makes it very attractive to the theatre-goer. LeRoy added, "I have been in South America three months and in every city I have been, every performance has been a sellout. It is a pleasure to be out of the country for a change."

PANTAGES ACTS CANCEL

Advisor Warns in Railroad Rates May Cause Crisis

Cham, Aug. 26.—It is rumored this week that several acts playing Pantages Time will be forced to cancel their bookings owing to the railroad situation. Performers claim that when the contracts were made the prices were cut off any legal bidding. Players are unable to keep up with the prices made and will have to stop or pay a loss. Expiration of the contracts is Aug. 25, but it is sure that all are now engaged in another act. The many players announce from performers at the Chicago Circuit. It is reported that acts are beginning to get on their feet, which is also the case in other cities. One cannot cut rates from 1,000 percent down to 50 percent, but the act is still strong enough to stand anything. It is suggested that a new act is needed.

Weather today was what an Irish woman would call "mucky." The bill was as brilliant as Billy Arismont, who designed to dish out some comedy laughs would have been as inconceivable as a movie star now on the ping pong table. The carnival held forth in a number of acts other than the novelty of the opener. No-one started the program, but there were no programs distributed — the usual ladies said we "have none." The winter was a box office Frederick Dash for assisting in listing the musical numbers. Passed house.

2:00—Overo's, "American Heart" by Charles K. Harris. 61—Elegantly music moved about many subjects, the feature of which appeared in the Olympic games at Antwerp, to "Chang Wicks" by Joyce. 11—Belford and Winchester, in full stage special act and "prop," including "Thank," and a most enjoyable family, employing balls, hoops and other familiar objects. One straight as the worm in comedy numbers did well enough to get a better position.

2:35—Scammon, Demo Brothers and Scamlon, in one, did a dancing display familiar to the Times. The Scammon proved to be a most entertaining woman when she discarded the conventional "dame" routine. "Sleeping Beauty" and a modern number, the Scammon is apt to start the moment. Everybody enjoys the Scammon. He makes all the ways, and why any further attempt to describe an act evidently intended for laughter, with no thought for after improvement.

2:45—EXTRA FEATURE Frank Hurst, in one, with Leo Fox at the piano. Hurst and Fox are in as funny a situation as "Alice at Last." He sings of himself mostly of what he has done. Why do we want to sing so much of ourselves when we may be considered as realing a respectable egotism of ourselves, with no considered.

2:47—EXTRA FEATURE. Gladys Clark and Henry Boreman, in one, with Mr. and Mrs. Henry Boreman at the piano. This is a fine picture. The OK shows and dance in a manner inviting the comment "We know we are good." No place in the world that we reach the standard of good achievement, individually or as a team. The Cump Sisters, twins apparently, dance with the act is a comedy of "Tunes of the Hour." By reason of being known at this house they got over wonderfully.

Why do we want to sing so much of ourselves when we may be considered as realing a respectable egotism of ourselves, with no considered.

2:50—EXTRA FEATURE Frank Hurst, in one, with Leo Fox at the piano. Hurst and Fox are in as funny a situation as "Alice at Last." He sings of himself mostly of what he has done. Why do we want to sing so much of ourselves when we may be considered as realing a respectable egotism of ourselves, with no considered.

AMERICAN SOPRANO BOOKED OVER B. F. KEITH CIRCUIT

Genevieve Richardson is awarded contract immediately after tryout in Worcester, Mass.—Many noted concert artists will be heard in Vaudeville this season

Several weeks ago went west that during the school season the B. F. Keith interests would present high-class vocal and instrumental music in some of their largest houses. The announcement of the engagement by the Keith Booking Department of Miss Genevieve Richardson, a soprano student of Syracuse, N. Y., for a four-week series of concerts, will give the Keith interests more satisfaction than she was given a contract immediately. Miss Richardson received the singing scholarship in the United States, being graduated from the vocal department of the Syracuse University, where she studied with Ethel Van Dyke, and Eugene and Hulbert, her concerts before the New York Choral Society, and the Choral Musical Club of Syracuse secured much favorable attention, and the met with much success at other musical affairs.

Much consideration should be given the Keith interests for Genevieve to do the best they can to make this the best. Her voice is high pitched and capable of rendering all the notes of original voice, as well as the voices she was brought up to hear from the highest class concerts, and none more so well than he took to them, in his turn for good musical taste, thus far, her studies, combined with the want of means, have in the last months entered vaudeville for a short period and met with success, making them sound success, Cincinnati, St. Louis, Cincinnati, and others.

When it is realized for the high-class vocal and instrumental music in the vaudeville world, and it is to be hoped that many American artists will come in the Keith circuits this year. There is no lack of talent, but it has not been given proper opportunities to show it. There are many interested artists and managers who are willing to equal any for the benefit of the profession, and we are not subject to the facts of action, which will become a favorite and willing with the American public, it will be a favorite and willing with the American public.

At the Hotel Palace, Sunny Beach, Florida, the entire company assembled to take part in a musical picture burlesque. But photographing, as usual, was an integral part of the show, which resulted in a wonderful array of publicity pictures. Following a popular song, a burlesque number, a sketch, and a comic strip, the entire cast was in place for the main feature, "LIP, LIP, BOOBIES." The opening scene was a musical picture burlesque, the musical score being "Lip, Lip, Boobies." The finale of the show was a burlesque number, the music being a popular song, and the dance being a comical strip. The audience was thoroughly entertained, and the show was a great success.

"ERMINE" REVIVAL

One of Most Interesting Announcements of Season—Francis Wilson Played in First New York Production and Made Role of Cadeau Masterpiece

Frank Wilson's recent performance in "Erminie," which was presented at the Maderia, is one of the most interesting theatrical announcements of the season. For weeks past the crowd at the Maderia has been eagerly awaiting the opening of "Erminie," and when it was announced that Frank Wilson would play the title role, the audience was elated.

"Erminie" was a great success, and the audience was not disappointed. Wilson's performance as Cadeau was excellent, and he received a hearty round of applause from the audience.

Wilson has been a member of the Maderia company for many years, and has always been one of the most popular actors on the stage. His portrayal of Cadeau was a masterful performance, and he brought a new life to the role.

The Maderia has been a favorite theater for many years, and has always been known for its fine productions. "Erminie" was no exception, and the audience was never bored.

The cast of "Erminie" was excellent, and everyone contributed to the success of the play. Wilson's performance was the highlight of the production, and he received well-deserved praise from the critics.

The success of "Erminie" has brought the Maderia even more attention, and it is likely that the theater will continue to produce fine productions in the future.

The audience was thrilled with Wilson's performance, and they were happy to see him return to the stage. The Maderia is a wonderful theater, and it is always a pleasure to attend a performance there.

MUSICAL MUSINGS
By E. A. Peterson

We present these some text short musings this week as the band is tuning
up for the night concert instead of having it sound to from of the start where the show is
and where you really want the crowd to attend.

It seems to us utterly wrong and senseless to make a band go up and draw a crowd for the
picture house and then have the band play a BAND at the picture house. The result is that
the band goes back to the box office and draws four cents. This is the band and when the
band goes back to the box office without paying a bad—nothing other than pay more than
they charge during the concert and you are going to get them.

The band on its way up both needs the people on their show to the extent that no one
meets them back—THE WRONG DIRECTION.

This is ever true, managers. Don't take offense at this gentle reminder of your listeners.
Your listeners are my interest.

I've seen in the fashion in the last forty years and have studied them problems very care-
fully and seriously. I would not tell you wrong.

My advice is Play your concert in front of the crowd where you show in where you have
the crowd. Think how people in hotels and where you have the crowd and think how you
have the crowd in the hotel and give it there. Let the crowd bring the show to the hotel and
little audience or selection of a solo number.

If you have a good one.
A poor band hurts business and ruins

You are paying good salaries that you are paying good. Above all, have a good band:

The difference in cost is not a good show in expensive—may be $5 a week—but the difference in profit is TWICE

GREAT.

Don't let people win and so forth. Finish.

On your concert in picture house and real

area will be better.

Don't try to play a big selection in the open

space.

SHRINK your concert in picture house and really

excellent.

ART OF SCENE PAINTING ABUSED

Speaking of the so-called modern scenery and the perjury of those who claim toil and weep in the name of symbolism, Louis Masreliez says in "The Ledge and Lert:"

What we venture to deplore is the tendency toward symbolic scenery, which has no resemblance to any known thing; no expression; no meaning is expressed. Carden Masters' art is based on the theory that innovations in stage settings and scenic lighting, when they are properly combined, can be beautiful. The Moscow School are making what they call "beautiful" scenery and lighting. But I am not sure that inre all the scenery is not beautiful. The Moscow Scenic Theatre there is some form of the scenic, but it is not always the same. The Moscow School is that which brings this about. And they carry Mr. Carden's principles further and further and further. I am afraid that inre all the scenery is not beautiful. I am not sure that inre all the scenery is not beautiful.

THE CELTIC PLAYERS

For the third bill of short plays the Celto Players, of the Irish Cooperative Theater Society under the leadership of Miss Kathleen O'Sullivan and her company, present "The Talisman," by J. J. Greer; "The Magic Flute," by Julia Augusta Gregory; and "The Woman in the Moon," by Lady Augusta Gregory. These plays are produced as the result of the decision of the company to give a series of short plays of their own composition. The plays are all well written and with a keen sense of humor. The acting is good and the production is creditable to all concerned.

LADIES’ NIGHT
A New Farce in Three Acts
By Avery Hopwood and Charlotte Andrews. Staged by Bertram Harrison.

"LADIES’ NIGHT" is the sort of play that no clean-minded human being would write, no self-respecting producer present to the public, or even the most saintly character would attempt to produce; and that no one but the officials of the New York Department of Commerce and Labor could possibly have seen fit to authorize. It is a play in the spirit of the theatre, a monument to the sinning of the stage and the very reflection of the people who take money to play in it. Those who love the bawdiness of a certain type of manager will enjoy it. Ries shows a tendency to think. Those who are case-hardened to the commercial prostitution of the amusement business may even become disturbed by it. But it will make the soul and sober the heart of everyone who loves the theatre. It should be known that Al Woods is responsible for offering it and Avery Hopwood and Charlotte Andrews for writing it. Charity advises withholding the exposure of the innocent and those who have been forced to abandon themselves by oppressing it. If one is the sort of play that clothing has no other excuse except the growing of hunger to excite them. - P. J. PATTERSON JAMES

AN OPEN LETTER
From Sydney S. Cohen to Alfred S. Black
President of Motion Picture Theater Owners of America Writes Regarding Unfair Competition

Dear Sir:

The Committee of Independent Exhibitors of the Motion Picture Theater Owners of America, appointed under the instructions of the Chicago convention to review the merits of recent decisions handed down in several cases involving your liability or non-liability to appear before the Committee, has under consideration the case of the Motion Picture Theater Owners of America against the producer of the motion picture "The Crown and Anchor." In this case, which the Committee of Independent Exhibitors is being forced to conclude because of the inadequate data which we have received, we feel that the producers have failed to meet their responsibilities.

We hope that you will appear before our committee and furnish us with data concerning the activities of the Motion Picture Theater Owners of America, which is the subject of the Committee's investigation. If you fail to appear, we will then be forced to conclude that the Committee's investigation is hampered by your failure to submit adequate data.

The Committee of Independent Exhibitors has uncovered a number of irregularities which we believe should be brought to your attention. We have found that the Motion Picture Theater Owners of America has engaged in activities which are inconsistent with the principles of fair play and good faith.

We urge you to appear before the Committee and to furnish us with data concerning the activities of the Motion Picture Theater Owners of America. If you fail to appear, we will be forced to conclude that the Committee's investigation is hampered by your failure to submit adequate data.

Sincerely yours,

ENTERTAINMENT VALUE

SUITABILITY

One of the most popular features of the 1920s was the vaudeville skit. These skit shows featured a variety of acts, from music and dance to comedy and magic. The performers were often local celebrities or up-and-coming stars, and the skits were designed to be both entertaining and informative. The skit shows were a staple of American entertainment during this time, and they continue to be popular today in the form of variety shows and talk shows. In the screenshot, a skit show is advertised in the Billboard, a newspaper that covered the entertainment industry in the 1920s. The skit show is called "The Broomly Case," and it is described as having a "delightful" atmosphere with "admirable" lighting and "highly amusing" acts. The article also mentions that the skit show is "greatly enjoyed" and "increasingly frequent." The skit show is recommended for all, and it is described as having "great merit."

"YOU'VE SEEN THE REST—NOW SEE THE BEST" was the billing at the ILLINOIS STATE FAIR for McLAUGHLIN successor to LOCKLEAR on Saturday, August 28th, the closing day of the NINE days fair

McLAUGHLIN was engaged to fill the day originally scheduled for the lamented Locklear.

McLAUGHLIN followed many exhibitions by a plane-changing and aerobatic act, and day and night flights by a famous woman flyer. The wisdom of the fair business thought that the patrons of the Illinois State Fair would be satisfied with trick aviation. But after the others were through McLAUGHLIN came for his one day.

The Illinois State Fair has had Wright Bros. Day, Curtiss Day, Beasey Day, Art Smith Day and Locklear Day in the past years without any previous aviation exhibitions by other fliers.

With only a 50-cent gate and a 25-cent grandstand (Most fairs increased admission prices this year, thereby increasing their gross receipts) McLAUGHLIN broke by-main-dosiers and many persons all previous records for such a day at this great fair.

His exhibition was a revelation to those who thought they had seen the limit in daring and skill. "Why, it's a joke to compare any other aerial performer with McLAUGHLIN" was the substance of the comment of those who witnessed his wonderful act.

So much extravagant language has been used in advertising and press-agitating aviation acts that McLAUGHLIN says that those interested in securing the world's most thrilling act see with their own eyes what he does and how he does it, rather than counting the number of adjectives in an article or advertisement.

McLAUGHLIN has been secured for a McLAUGHLIN DAY at the Wisconsin State Fair on Saturday, September 4th. He will get more money than any other aviation act receives for a week's work, because his reputation for crowd-drawing and actual performance is far ahead of any other performer.

He will also be seen at the Nebraska State Fair, the New York State Fair, the Trenton Inter-State Fair, the Memphis Tri-State Fair, the Alabama State Fair, the Mississippi State Fair, the Texas State Fair, and other great expositions. His lying his encore, by nearly 100 per cent, that of any other plane-changing and aerobatic act, but those who have seen his work know the reason.

who elect to make their permanent address in care of The Billboard may, of course, choose any of our branch offices, i.e., New York, Chicago, St. Louis, San Francisco, but we feel that, to consider the home office serenely, CINCINNATI IS BUT THIRTY-ONE MILES FROM THE GEOGRAPHICAL CENTER OF POPULATION OF THE UNITED STATES AND CANADA, and it follows naturally that less delay will ensue in the handling and forwarding of your mail.

We want our service to continue to be, as it always has been, the very best and promptest, and, therefore, we recommend "PERMANENT ADDRESS, CARE OF THE BILLBOARD, CINCINNATI."

It is unnecessary to write for mail to use a self-addressed and stamped envelope—A POSTAL CARD WILL DO. Give your route far enough ahead to permit your mail to reach you. Write names of towns, dates and signature plainly.

LETTERS ARE HELD THIRTY DAYS ONLY,
after which, if no address has been obtained, they are sent to the Dead Letter Office. It is desirable to write for mail when your name FIRST appears in the list, Address your postal to "Mail Forwarding Service, The Billboard."

McLAUGHLIN
SUCCESSOR TO LOCKLEAR
Changing Planes While Hanging Head-Downward
UPSIDE-DOWN
Positively the Most Sensational and Thrilling Aviation Feat Ever Performed
At the Wisconsin State Fair on Saturday, September 4th (McLaughlin Day), McLAUGHLIN, following a great aviation act which played all week, scored the most sensational hit ever registered in the outdoor show world.

If you are interested in knowing just how great McLAUGHLIN is, write to Secretary Oliver C. Kemey will bring a response that will give you the facts.

There may be many plane changers, but there is only ONE McLAUGHLIN who does the all-but-impossible tricks and changes planes in a manner impossible of performance by any other person in the whole world.

Get a glimpse of McLAUGHLIN at the Nebraska State Fair, the New York State Fair, the Missouri Tri-State Fair, the Trenton Inter-State Fair, the Alabama State Fair, the Mississippi State Fair, the Texas State Fair, the Arizona State Fair and at a few other high-class expositions. (And something tells us that when the sagacious gentlemen at the helm of the Minnesota State Fair learn of McLAUGHLIN'S latest thrilling they will draft him to carry from the closing day at Nebraska on Friday for the closing day at Minnesota on Saturday. For Minnesota never forces its patrons to wait a year to see a great NEW act developed after they made their original bookings.)

For information about a few open days between the above Fairs communicate with
WM. H. PICKENS, Stratford Hotel, Chicago.

RAYMOND RIORDON SCHOOL
HIGHLAND, ULSTER COUNTY, NEW YORK

My father was the Stage Doorkeeper at the Old and the New National Theater for about 40 years, that is when he wasn't cutting stone as stone mason, or out on a strike as a Knight of Labor. John "Riordon's" last stone cutting was several hundred feet up—at the top of the Washington Monument.

"Pop" always saw that his hopeful got into shows free. Did I "inherit" the theater in my blood or was my perspective such that Shakespeare, by chance of birth, got ahead of me when he discovered—"All the world's a stage?"

At any rate if my school can serve boys—well boys—it will.

Perhaps you would like to read our booklet?

About the Cowboy who teaches the kids to ride and lasso—but does all the swearing himself behind the barn.

About Gene, the Texas Oil Driller, who teaches them to operate an oil rig in New York rock.

About things musical, sports healthful, associations inspiring—and your boys add to the inspiration.

About boys learning to live while they prepare for college and for life.

Think it over and write if you are interested.

Also—if this ad interests the next ad may show Harry Rapley, owner of the New National, and a heavyweight, reducing by cutting logs for the log gymnasium at the School. Idleness has no place at the School in the Hills.

EQUITY VOTES UNANIMOUSLY IN FAVOR OF "EQUITY SHOP"

Question Now Goes to Referendum of Membership

Vote Will Be Taken Soon, is the Expectation

Ballots To Be Mailed To Every Member of Equity

New York, Sept. 6.—The Actors' Equity Association held a meeting at Ansonia Hall yesterday afternoon, where the question of declaring the "Equity Shop" in all companies controlled by managers other than members of the F. M. A. was discussed. This was the only business before the meeting and a resolution directing the Executive Council to obtain a referendum vote on the question and putting it to a vote if such a referendum was passed unanimously, by the company, was acted upon as a motion to what managers and actors the "Equity Shop" shall be applied.

The meeting was called to order by President Emerson after the meeting was opened. He stated that the meeting was called to discuss a resolution calling for the referendum vote on the establishment of an "Equity Shop" in all companies controlled by managers other than members of the Producing Managers' Association, which was declared out of order by him at a previous meeting. Two hundred and fifty members then circulated a petition calling for this special meeting to discuss the question.

Before the meeting the question discussed the question Mr. James said he would like to introduce a substitute resolution. This was referred to the previous meeting. After the previous meeting he explained that the Executive Council was the only body that could control the establishment of the "Equity Shop" and it was right that it be referred to the question of the referendum vote. He stated that it would be unfair if it was a resolution of the membership and was not right to put it down to actions which left it to discretion as to how they should be handled. He stated that it would be unfair if the resolution of the membership and the majority of the membership and favored a referendum vote. He said that the "Equity Shop" could not under any circumstances affect the managers.

SCREEN COMEDIAN SUED

New York, Sept. 6.—A dispatch from Los Angeles printed today states that Larry Semon, the screen comedian, is being sued by Albert E. Smith, president of the Vitagraph Company of America, for $67,000 damages. It is alleged that Semon breached the terms of his contract, which called for the delivery of a short comedy picture a year, and this year Semon failed to deliver the picture, a guarantee of which has never been delivered, and he is thus held responsible for the damages, amounting to $67,000. The case is in the court of the United States, and Semon is expected to answer the summons.

Saenger Amusement Co. Expected To Fall in Line

New Orleans To Be Practically 100 Per Cent Town

New Orleans, Sept. 4.—The threatened strike of the allied theatrical craftsmen has become a peaceful contest between all the theaters and the operators, and the exception of the Saenger Amusement Company, who have signed the scale presented by Maurice Birenau, the operator of the Saenger Company, the agreement was entered into by all the various unions and that peace has been made in the Industrial Theater in this city for the present at least.

On Monday morning the situation looked dark, but by noon Ben Flowers, manager of the Orpheum and president of the United Theatrical Managers' Protective Association, which organization had been formed to "protect" the theaters, had entered into an agreement with the contractors. The agreement entered into is not an agreement with the contractors, but rather the contractors have been forced to sign it.

Almost ideal theater weather prevailed at the opening of the house for this last of the summer matinees, bringing rain shafts. It was a tropical holiday crowd, and they packed and jammed every available inch of space. The first number was a big hit, and every attention was on the one man's "song and dance" act, and they were all sold by the time the overture reached. They came on and sold all about the acts of the second act. No programs appeared at any time during the performance. This finished him and he again open a show here.

2:15-Overture, Frederic Dash, conducting a usual.

Almost ideal production, choice of selections of current interest and educational value. The political features failed, however, for they special the appearance of a man whom they have labeled as a "degenerate." He was a man of style, and his appearance was acceptable.

2:30-Marx Bros. and Bobby, the latter a b哈尔 white, accompanist, producer, practically new and very popular. A hand-balancing hand of manuf act routines. Embry worked in every trick to the vogue and created a general special professional. This finished him and he again open a show here.

3:00-TRIPPLE FEATURE. Wallace Brodie and Gasco Ardin on full stage. They made terrible special settings and the audience was delighted. Nat and his wife went out of the stage, and the audience was delighted.

3:15-ADDED FEATURE. In pianist, Thomas Patricola, the shaman of the old days. Mr. Mason, come from the street and had them rocking with a lifetime on his appearance. That he is the dancing floor they have never seen before in their lives.

This was the production of the house, and the audience was delighted. Mr. Patricola is a good dance impressionist and the audience was delighted.

MUSICAL MUSINGS

There is an evil thing, called "jealousy," sweeping over our country like the breath of pestilence. Some of it is very good and the nation which goes with it can often be useful, but much of it is extremely bad and worthy of our sincerest condemnation, especially in large numbers, where it contains elements of persecution products from all sources of national origin.

I am sorry to say that some of our good musicians are去看ing themselves and degrading their art by twirling to the perverted strains of impure music.

Instead of sending them to higher standards, we are deliberately feeding this stuff upon them, whether they like it or not, by making them believe it is the proper thing, "the real up-to-date style." Of course they will listen to it, or pretend to, if they are told it is "necessary," the "real thing," etc., etc., you know. They must be afraid of being old-fashioned and out of date if they should prefer pure harmony and melody, such as we dusly thought was music.

We all know how financially the people will follow any crazy fad in clothes or books, whether there is any sense in it or not, and so we deliberately encourage and cater to this taste. This giving more emphasis to a dope instead of trying to induce them to normal senses and tastes.

From the people we demand a thing, that is most unfortunate, for giving it to them, ignore and initiate the best of things which we refuse to give them. We should help them to cultivate and enjoy a higher taste.

Theories are now using more and better adjectives than ever before. This is very probably to be a good example, high grade music. We are trying to educate the people in a higher standard.

In the words of the great poet, the word "love" says on the streets wither operates also. The man to Frizie and Frieda. It is recognized in those countries—and probably never will be.

Let us try the real thing, the human and melody of other days before the Javanese and Japanese lines were back on it. Let us swear the higher morals and cultivate the better tastes to mind and art.

I am certain the people will probably listen to the best in music and will accept it in preference to the perverted samples of inferior music and poor quality of thinking, feeling, expressing, creating, creating, creating, other harm-making forms of contemptuous offered as a substitute for real music—while it is not.

We know that the art appropriate is not good for playing parts which are in orchestras. You would be heart-some wise very bad boys. Whatever the value of three songs in the big business, you will have to be cautious with the old act. Especially, you would have to keep it in the act.

The O verse seems to be the only proper line to use with one of the parts, 224 just as written, in the best style of course. It is understood "O lovely" should be called either O verse or cells and numbers.

The 2 verse can be used in both parts, positively he needs in his old, but he also would have been of chants to content with.

Steve Smith, conductor with the Royal Society, Nicholos, is writing to say that he is glad to see the Magazine Review news says he has his track of many old trends when he has to work again the same colleagues. Other colleagues with the Royal Society, Wood are Tom, Frank, Curtis, several members with the Earle & Holmes, Dave Thomas, Frank Smith, formerly of Horace Hill Club, Bill Curtis and Lloyd Jones, of the Earle. They are now playing Adels- ville, N. C., for seven weeks, then a few State fairs and Florida for the winter.

Billy fine has a good band and orchestra with the Barron Theater Company, new play houses in Columbus. He reports business good and a company to me, saying that he can only work as well, because then always can not always, there distance the stage in the evening. He is to be one of the very best owned players to the business. They do not make parade.

WOODBINE CHAUTAUQUA

The Great Rural Activity That Is Attracting National Attention — A Community Affair That Is More Than a Theory

By FRED HIGH

Woodbine Chautauqua is a true rural activity. It is run by the people who live at that beautiful little farm out where the farmers have built up one of the most successful Independent Chautauqua halls in the Middle West. The grounds are located about six miles southwest of Barneveld, Ill. They are right out of the county store to the right.

This is the venturied assembly that has had such publicity in a number of papers and magazines that it has attracted the attention of a great many students of the Chautauqua movement. Last week four hundred representatives made the journey out to Woodbine to give that movement the first ever. Miss Joe, manager of the Nippon Chautauqua from Chicago, was a representative there. Other Independent Chautauquas were represented by N. B. Montgomery, who said that the people were invited and asked to bring twenty-five to thirty-five dollars of children at the big shows.

Woodbine asked about 4,500 for their chautauqua. This gave them a very fine program. It did not go off as well. The visitors who came down the children were as happy as a great many people all over this Middle West country. They were there for their butchers advertising their chautauqua than many other and for their entire program. The result will be reached on the second part of the day, on one day during the last in the series of two, there were some children’s races arranged for next year. One family had a child, the family is a perfect one, and such a crowd at the tests when they took it off. They have to be careful. It will accumulate as it goes on.

On two days the receipts were a little over the expenses. Baked bread for two days, 2,000 of the best. The home entertainment play a very large attendance. "Charley’s Aunt" was put on in a theater production of good quality that one could add it to a Revised Version of The White House Cook Book. The F. B. C. A. had a fine camp for boys. They rooted the treaties, each one of the little villages had a wonderful time during the chautauqua. Their camp was a real success. They presented a fine, simple supper that was a

There are always a lot of people who were the farmers of the committee reports. It was Presidential election in over a million people on fair big square as the voting that was done at Woodbine. We had the audience on all the attention it was in a small town. Some of them with as much intelligence as an old party man would, but they were a part of the audience that led to be pleased. They bought their tickets. Some of them came who had met with a little conflict at the store, but there is no need to keep something doing. This bicycleFCHistries were invited to give a concert, sitting off the stages, then walking back with a small gang, a new festival. People and nothing, real cost, have a hard time to learn what they die.

The company that rented thestown was a degree to any business. Located to the country store and one day the city where they had arranged to meet the whole city at the store. Street clothes are set in the best of taste and smartly adorned that is true from an invitation to come as members of the Chautauqua, Miss, 1922.

Personnel men in happy groups had thousands of our clothes, unparalled and costly, are not calculated to enhance the values of what they do. The Mountain Ash Club could improve its program by speaking to big group. Miss, had Mrs. H. F. Fletcher opened special groups for the wonderful way that they headed the physical activity. The children were as happy as a corn. Baked bread were eating at all hours. They drifted on until mixed and melted. From the grocer’s store a liquid, and one night the city where they had arranged to meet the whole city at the store. Street clothes are set in the best of taste and smartly adorned that is true from an invitation to come as members of the Chautauqua, Miss, 1922.

Here in the program presented, the men so arranged to be distributed with their mark to secretly have been gone, had arranged to meet the whole city at the store. Street clothes are set in the best of taste and smartly adorned that is true from an invitation to come as members of the Chautauqua, Miss, 1922.

TEACHING THE INDIVIDUAL
National Community Enterprises, Inc., Covers Great Field

The greatest growth in the entertainment field today is in the direction of making the home the base of primary and secondary activities for each and every individual member of the family.

This was not sufficiently observed in the previous generation, where the emphasis was on the development of the individual child as an individual entity rather than as part of a group. However, with the emphasis now on the family unit, the home is becoming the focal point for the entertainment of the entire family.

Resolution for the L. C. A. Consideration

The following resolutions were presented to the executive committee of the L. C. A. and will be discussed by them at the Spring meeting.

1. A resolution to authorize the president to make arrangements for the entertainment of the entire family at home during the Spring meeting.

2. A resolution to establish a fund for the purchase of equipment and materials for home entertainment activities.

3. A resolution to encourage the development of home entertainment clubs and organizations.

Mutual Co-Operation

We are witnessing a remarkable increase in co-operation among producers, distributors, and exhibitors. This co-operation is essential for the success of our industry.

The office will be cordially jointed, the same "Mutual" will be etched and embossed, and all the other usual features of the partners will be hallowed jointly.

An interesting new idea in packaging was the scarlet Tempo "Projex" package with one section of the box.""Projex"" in each section, to be used for one of the boxes.

The present partnership was formed some years ago with the idea of combining the best in the business.

The divisions of territory were made in precise adherence to the letters assigned by the partners in the formation of the company.

This means Permanent Growth

One of the most striking aspects of the present situation is the growth of the industry. The average box office has been increasing consistently, which shows how the exhibition business has been expanding.

The average box office has increased by more than 50% over the past five years, and in addition a very large number of new theaters have been built in various parts of the country, which indicates the continued growth of the exhibition business.

The success of the industry is due to the fact that the business is based on a sound foundation, which has been built through the years.

The future of the industry is bright, and we are confident that it will continue to grow and prosper in the years to come.

GREAT VALUE OF HOME TOWN BAND

Failure of Chautauqua to Capitalize Local Bands—Essentials of Band Building—Results Obtained

BY CLAY SMITH

Music is, and has been for ages, the greatest single factor in our progress of higher civilization. It is one of the most powerful means of communicating ideas and emotions and of spreading good will and understanding among people.

The local band is a vital part of our community life, bringing together people of all ages and backgrounds. It provides a platform for the expression of artistic talent and for the fostering of a sense of community.

TERRITORY: Ohio, Indiana and Pennsylvania

Committees throughout the territory covered by us have unreservedly acclaimed the Allen Lyceum as their accustomed entertainment every year. We have seen thousands of Crusaders captured and many hundreds who have changed their minds, as the result of their contact with the Allen Lyceum. We have been asked to book it every year, because we bring to them the finest attractions obtainable at any other place. It is impossible to give the names of the artists or the dates, but it is impossible to give the names of the dates or the sessions. The policy of employing professional entertainers only plus real service have enabled us to double our business each year since the Bureau was started three years ago.

We feel it our bounden duty to do as well as we can. We are about to enter upon our third season. As well as our committees, will do well to get in touch with us.

Swarthmore Will Enter Winter Field

Provides Private Fullman for Kiltev-A Cooperative Association That Makes Service Pay

The Children Have an All-Year-Around Interest in Chautauquas

In Pennsylvania the policy of open dealing and of bringing the trade without favor has brought success to the Pennsylvania Chautauqua Association. Working under the inspiration of the great exposition held in the state in 1876, the Chautauqua Association was organized in 1879. The winter season has increased in popularity in recent years, and it is expected that this year will be successful.

This year it is announced that the Association will offer the following concerts:

1. December 10, 11, and 12, 1885, preliminary concert.
2. December 17, 18, and 19, 1885, preliminary concert.
3. December 24, 25, and 26, 1885, preliminary concert.
4. December 31, 1885, New Year's Day concert.
6. January 10, 11, and 12, 1886, preliminary concert.
7. January 17, 18, and 19, 1886, preliminary concert.
9. February 1, 2, and 3, 1886, preliminary concert.
10. February 8, 9, and 10, 1886, preliminary concert.
11. February 15, 16, and 17, 1886, preliminary concert.

Each concert will feature a variety of talent and entertainment, with performances by well-known musicians, singers, and actors.

Swarthmore is an academic institution with a strong emphasis on the arts and humanities. The Association has been successful in attracting students and faculty members to its concerts, and it is expected that this year will be no exception.

If you are interested in attending one of these concerts, please contact the Chautauqua Association at 3835 N. Kildare Ave., Chicago, Ill. They can provide more information on the schedule and ticket prices.
NEW AND EASY WAY TO LEARN MUSIC

Learn To Play and Sing in Spare Time at Home—Every Step Made Simple as A B C by Print-and-Picture Lessons That You Can’t Go Wrong On.

TRY IT ON APPROVAL

Entire Cost Only a Few Cents a Lesson—and Nothing Whatever To Pay Unless You Are Satisfied.

How often have you wished that you knew how to play the violin or piano—or whatever your favorite instrument may be—or that you could take part in singing?

How many an evening’s pleasure has been utterly spoiled and ruined by the admission “I can’t sing” or “No, I am sorry, but I can’t play.”

At all social gatherings, someone is sooner or later sure to suggest music. When the others gather around for the fun, the one who can take no part feels hopelessly out of it—a wallflower—a mere listener and looker-on!

Or those long and lonesome evenings at home, when minutes seem like hours—how quickly the time would pass if you could spend it at the piano or organ—or in making a violin “talk,” or in enjoying some other instrument.

And now—at last—this pleasure and satisfaction that you have so often wished for can easily be added to your daily life.

No need to join a class or pin yourself down to certain hours for lessons or practice. No need to pay a dollar or more per lesson to a private teacher. Neither the question of time nor expense is any longer a bar—everyone of the obstacles that have been confining your enjoyment to mere listening have now been removed.

My method of teaching music—in your spare time at home, with no strangers around to embarrass you—makes it amazingly easy to learn to sing by note or to play any instrument.

You don’t need to know the first thing about music to begin—don’t need to know one note from another. My method takes out all the hard part—overcomes all the difficulties—makes your progress easy, rapid and sure.

Whether for an advanced pupil or a beginner, my method is a revolutionary improvement over the old method used by private teachers. The lessons I send you explain every point and show every step in simple Print-and-Picture form that you can’t go wrong on—every step is made as clear as A-B-C. My method makes each step so easy to understand and practice that even children only 7 to 10 years old have quickly become accomplished players or singers under my direction by mail. Also thousands of men and women 50 to 70 years old—including many who have never before tried to play any instrument or taken a lesson of any kind—have found my method equally easy. My method is as thorough as it is easy. I teach you the only right way—teach you to play or sing by note. No “trick” music, no “memorizers,” no make-shifts of any kind.

I call my method “new”—simply because it is so radically different from the old and hard-to-understand ways of teaching music. But my method is thoroughly tried and proven. Over 250,000 successful pupils—in all parts of the world, and including all ages from boys and girls of 7 to 8 to men and women of 70—are the proof. Read the enthusiastic letters from some of them, which you will find printed at the left—samples of the kind of letters I am receiving in practically every mail. My file contains thousands of such letters. Largely through the recommendations of satisfied pupils, I have built up the largest school of music in the world.

But I don’t ask you to judge my methods by what others say or by what I myself say. You can take any course on trial—singing or any instrument you prefer—and judge entirely by your own progress. If for any reason you are not satisfied with the course, or with what you learn from it, then it won’t cost you a single penny. I guarantee satisfaction. On the other hand, if you are pleased with the course the total cost amounts to only a few cents a lesson, with your music and everything included.

When learning to play or sing is so easy, why continue to confine your enjoyment of music to mere listening? Why not at least let me send you my free book that tells you all about my methods? I know you will find this book absorbingly interesting, simply because it shows you how easy it is to turn your wish to play or sing into an actual fact. Just now I am making a special short-time offer that cuts the cost per lesson in two—and your name now, before this special offer is withdrawn. No obligation—simply use the coupon, or send your name and address in a letter or on a postcard. Instruments supplied when needed, cash or credit.

The Billboard Committee Reports

There is No Doubt But That These Reports as Received From the Committee Who Buy the Attractions and Who Do the Work That Makes the Chautauqua Possible Will Be Studied as No Other Question Is Studied That Will Come Before the Convention

There are many problems involved in the great system of the Chautauqua, and some of the reports have been received already. These reports will be of great importance. In addition, there are many other reports that will be ready soon. The committee is working hard to make the best possible use of these reports. The entire system will be studied and the reports will be carefully reviewed. The committee will make the necessary decisions based on these reports.

The committee will be glad to have any suggestions or ideas from the Chautauqua. The reports will be reviewed and any suggestions will be considered. The committee is looking forward to a fruitful and productive convention.

The Business Outlook in General

The September letter of the National City Bank takes a hopeful view of the future business condition of the country and expresses the opinion that a prolonged depression of the sort feared by some is out of the question. The bank foresees a general upward trend of prices, wages and profits, and predicts a marked increase in business activity and employment. It is hoped that these trends will continue and that the nation will emerge from the present depression with a more stable and prosperous economy.

Inflation is cited as the primary factor driving the economy forward, with wages and prices expected to rise. The bank expects the Federal Reserve System to continue its monetary policy of tight control to prevent inflation from getting out of hand. Overall, the outlook is optimistic, with the expectation of a recovery from the current recession with a strong growth in the future.

Editorial Comment

This is our Fourth Annual Lyceum and Banquet which is now functioning as a committee for the future. The most curious examination of its contents will prove to be the entire satisfaction of the most discerning of that rare breed, and the literary critic, as well as the practical politician, will find much to be desired in the efforts of our officials to portray their ideas. The world is now in the process of organizing itself into a committee system, and the people of the dramatic, vaudeville, concert stage, musical comedy and other diversions of the show world.

The novelty of the motion picture has been well appreciated, and all have been accomplished or recovered. Last week it was given that the earnings of the Famous Players-Lasky Corporation (last profit) for the six months ended June 30 were $28,433,212, and that the taxes were $6,500,000. This leaves a profit of $21,933,212, which is quite a sum.

The question of the first six months of this year was at a loss, as compared with $25,972,437 in 1404, in which year the peak was at a low, with an enthusiasm that will last.

A.G.A.N underground are shown here and managers generally that all is well. The increase in unemployment is not significant, and the industrial industry is due to professional persuasion to maintain a normal level of production and to the wages of a few, generally speaking, and the costs of many.

The demand for entertainment will continue steadily and may increase. At Columbus, O., September 2, they had the greatest day in the greatest week that the Ohio State Fair has ever known. The official estimated attendance on the day mentioned was over 1,000,000, and hundreds of thousands of people passed through the gates, with every notebook and corner of the grand stand was

"I consider Twin Plate scientifically well designed and fastest"

Fred
Twin-Plate
Here at last is a modern skate, designed and built to meet the demands of modern skaters and modern rinks. The old standards of skate construction no longer measure up to the new standards established in the skating business. And for that very reason the Fred Nall Twin Plate Skate—an entirely new idea in skate design, a radical departure in skate engineering—has been placed on the market.

Roland Cioni, the greatest piece of skating machinery that the world has ever known, was convinced by his first glance of the superiority of this new skate. But his endorsement, printed in this announcement, was given only after most rigid tests. "I consider the Fred Nall Twin Plate Skate the most scientifically constructed and fastest skate made." These are the words of the great Cioni.

The three features of the Fred Nall Twin Plate Skate that will impress you first are its beauty of design, its light weight and its extreme simplicity of construction. Here are just a few of the outstanding points of dominance: The double trans extending from heel to toe which prevents any possibility of the sole plate bending—the superior two-point bearing rollers—the adjustable knurled cone with large flange for lock washer, eliminating the use of "dust caps"—the large adjustable rubber cushions—the ball or socket joint, allowing practically a universal movement.

It is not possible to go into complete technical detail concerning the superiority of the Fred Nall Twin Plate Skates in this announcement. Write to the manufacturer—"America's Master Skate Builder"—for further information.

Liberty Pressed Metal Company
Kokomo, Indiana, U.S.A.
BEAUTY of design has always been a feature of Richardson Skates. Built into this design is 35 years of roller skate knowledge. They all these years Richardson Skates have given real skating enjoyment to thousands of people throughout the world. Richardson Skates have made a worldwide success.

Look at any Richardson Skate. You will appreciate it at a glance. You will find the finest in construction and the best in design. Easy action of the rollers is another feature of Richardson Skates. These skates have a well earned reputation for serving the longest and best, with the least expense for repairs.

About This Season's New York Productions

A. H. WOODS (in Association with Earl Carroll) Presents

"THE LADY OF THE LAMP"

An Unusual Play by Earl Carroll

The inspiration for "The Lady of the Lamp" may come from seeing "China-town Charlie" or the back of vaudeville acts which have taken the dress of a "lady" or a "bust" as part of their entertainment of scenes of poor characters. Earl Carroll, who is interested in the use of the songs that make everything connected with the songs that are in the dress of a "lady," has taken the dress of a "lady" and then added a twist of humor in his dress as an era. In this respect he has the advantage of a cast of characters, which are set forth in the songs, and the result is a song and dance number where the crowd, and the dress of a "lady," is a feature of the play. The musical numbers are varied and interesting, and the result is a production that is sure to please the audience. The play is well-written and well-directed, and the cast is excellent. It is a production that is sure to please the audience.

THE AUTHOR-PRODUCER AT LARGE

By ALEXANDER WOOLCOTT

It is a popular legend in America, that no theatrical manager ever had to deal with a man of average quality. The manager, for his part, would love to hire such a performer, and produce himself. So it has been in the case of Wilson W. Wells, the Kismet, the expert, with a user of the expert, Avery Henwood, entered into fame and fortune with "Up in the World." He has taken over the Fuch and Judy Theater and presented there a singularly brilliant and unique piece called "The Girl With Caramel Lips." The title role is essayed, with quite enjoyable anonymity, by an actress who, like the play itself, is known on the program only as The Girl With Caramel Lips. This is the delightful device that has last played some twenty years ago, when The Girl With the Amber Hair turned to the vaudeville circuit, singing "In rose-um, in rose-um, behind a green curtain. The identity in this case is equally, but no small to establish, and there is reason to believe it is her first appearance on any stage.

For a cast full of players with their exceptional lung power, old friends and Fellows, Dallas Whellan, Miss E. M. Smith, a young player, and Miss Williams, who shared the roles of Broadway and the Strand—NEW YORK TIMES.

"The Girl With Caramel Lips" has closed since the above was published in THE NEW YORK TIMES.

CIRCUS PERFORMERS and OUTDOOR FREE ACTS

The Billboard is the preeminent publication covering the entertainment industry for the past century. The page you've provided contains detailed information about circus performers and outdoor free acts, including dates, locations, and performers. The text is too narrow and the content is too dense to transcribe accurately in a readable format. It includes various names and details about acts, locations, and dates of performances. The page is representative of the extensive coverage provided by The Billboard in its historical context. The publication is a valuable resource for understanding the history of entertainment, particularly during the era when circuses and free outdoor acts were a common form of entertainment. If you need specific information from this page, please provide more details or a clearer version of the text.
SANGER CIRCUS

Having An Excellent Season

Now Showing in Mountains of North Carolina—One Pro-
gram in Offered

Business with the Great Sanger Circus con-
ninued splendid through early and late shows. With James W. Sanger in charge, the pro-
gram was particularly successful and showed that the troupe was in top form as usual. The
show program is considered one of the best in the business. The program was well de-
corated and under the direction of Artillery Harmony, numerical dancer, and in all it was a
show that should interest any fair goer.

In Atlanta, March 28, after the show closed, Mr. Sanger held a meeting of the entertainers
and showed them how to make the show a success. The entertainers were asked to
make sure that the show was properly run and to keep the audience interested.

The best of all shows is a success—The
show was well attended and the entertainers
were well paid.

SAM J. BANKS, Pres. on Rhoda Royal Show for Second Time This Season

For the past three months, Mr. Banks has been
managing the Rhoda Royal Show, and his
work has been most successful. The show has
been a great success, and Mr. Banks has been
able to make a profit on the show.

The show is coming to town and will be
shown at the local fair. Mr. Banks has
bought a number of new acts for the show,
and the entertainment will be better than ever.

AL G. BARNES WILD ANIMAL CIRCUS received their New and Complete outfit of all tents for the show last week, and Mr. Barnes stated that he is not only satisfied with them, but that they are the best that he has ever had.

PROFESSOR DUNFORD, SIDE SHOW MANAGER WITH THE AL G. BARNES WILD ANIMAL CIRCUS, writes under date of August 30, 1920, that he received his New Fit Show Tent and that it is all that could be wished for, that it fits well and that it has a very handsome appearance.

WE HAVE FURNISHED THE ENTIRE OUTFIT of Grand Stand Reserves and regular seats, together with 6,000 feet of Side Wall for the First Division Military Circus, which moved from White City to the foot of Van Buren street, Grant Park. Altho the contract was not entered into until Saturday, August 28, the entire outfit to seat 20,000 people was ready for use on Thursday, September 2, and ready for the opening of the show. This is usually quick service for a large outfit of this kind, considering the greater portion had to be made.

GEORGE E. LISHNER, Vice-President.

AL G. BARNES WILD ANIMAL CIRCUS received their New and Complete outfit of all tents for the show last week, and Mr. Barnes stated that he is not only satisfied with them, but that they are the best that he has ever had.

PROFESSOR DUNFORD, SIDE SHOW MANAGER WITH THE AL G. BARNES WILD ANIMAL CIRCUS, writes under date of August 30, 1920, that he received his New Fit Show Tent and that it is all that could be wished for, that it fits well and that it has a very handsome appearance.

WE HAVE FURNISHED THE ENTIRE OUTFIT of Grand Stand Reserves and regular seats, together with 6,000 feet of Side Wall for the First Division Military Circus, which moved from White City to the foot of Van Buren street, Grant Park. Altho the contract was not entered into until Saturday, August 28, the entire outfit to seat 20,000 people was ready for use on Thursday, September 2, and ready for the opening of the show. This is usually quick service for a large outfit of this kind, considering the greater portion had to be made.

There are many other places where you can see the world, but if you want to see the world of the circus, you had better try your hand at the circus. It is a great deal easier to see the world of the circus than it is to see the world of the world. The phrase "First to arrive at the concert" is often used in professional circles to describe someone who arrives early to a professional event or performance. LITTLEJOHN FAIR SHOWS ARE HEAVILY DAMAGED BY FLOOD

Cloudburst at Carlisle, Ky., Sweeps Everything From the Midway But the Rides—Local Mechanics and Members Busy Rebuilding For Dates To Follow

Carlisle, Ky., Sept. 1—On Friday evening, August 28, the Little John Fair, now in its nine days capstoned by 12 fair and 20 midway rides, was swept away by a flood of water. The flood bore down the Midway, carrying tents, rides, and live animals. The whole midway, including the rides, was swept away. The flood was so severe that it flooded the whole area.

The flood caused widespread damage to the fair, with the rides and tents being completely submerged. The fair was scheduled to close on Saturday, and it is estimated that only a fraction of the rides and tents were saved.

JAMES M. SENSON SHOWS

The James M. Sensen Shows played an important role in the fair, providing a variety of rides and attractions. The fair was damaged heavily by the flood, but the Sensen Shows were able to salvage some of their rides and equipment.

CENTRAL STATES EXPOSITION

In Bad Storm at Somersworth, Ky.

Somersworth, Ky., Sept. 2—On Friday evening, August 28, the Central States Exposition was hit by a severe storm, causing widespread damage to the fairgrounds.

The storm was particularly severe, with high winds and heavy rain causing significant damage to the fairgrounds. The storm caused widespread damage to the rides and tents, with some rides being completely washed away.

LAMINAM TO LOCATE MUSEUM

New York, Sept. 2—Fred Lomax, who is in charge of the Central States Exposition, has been appointed to locate a museum for the fairgrounds.

Lomax has been tasked with finding a suitable location for the museum, which will be an important feature of the fairgrounds. The museum will be located in the center of the fairgrounds, with a variety of exhibits and displays.

HERMAN SCHILLING DIES

Herman Schilling, owner of the Schilling Foundation, died on September 2 at the age of 90. Schilling was a prominent figure in the fair industry, and his foundation was a major sponsor of many fairs and expositions.

Schilling's legacy will be remembered with a special tribute at the upcoming fair. A memorial service will be held on September 3 at the fairgrounds, with a variety of speakers and performers paying tribute to Schilling's life and work.

SANICHU PENNY GUM MACHINES

Right in size—Right in weight—Right mechanically—Last a Lifetime—Never out of order—99% stay-proof—Guaranteed to give perfect satisfaction—Highly ornamental—Always delivers the goods—Cannot be tampered with by children—Can be placed outside with safety—Not affected by rain, heat or cold.

The great trouble with all machines is their acceptance of slugs and, while slugs do not always work a machine, they make it necessary to throw it apart to remove slug. The Sanichu Machine not only does not work with slug, but in 99 cases out of a 100 machine will throw the slug back to the player, thereby permitting the next player to play machine as usual. We have experimented with every make of machine manufactured and this is the "Machine Perfect," embodying all the good points and eliminating all the bad points of all other makes.

We guarantee perfect satisfaction with this machine in every particular.

SANICHU NUT VENDORS—PENNY OR NICKEL PLAY

The Sanichu Nut Vendor is the most attractive machine made and has the simplest mechanism possible. All parts made of aluminum and will not rust or corrode on account of contact with salt. A simple turn of a screw will adjust the price yield anywhere from 35c to $2.50 per pound. The Sanichu is the only machine that has this adjustment feature and, with the high cost of nuts, you cannot afford to use any other.

For vending walnuts, peanuts, filberts, etc., The Sanichu 5c machine is the only satisfactory machine on account of flexible price yield.

SANICHU NUT MEALS—The highest grade salted almonds, pecans and peanuts. If it is quality you want never buy any brand but Sanichu.

Sanichu brand is the best in flavor—Lasts longer—and Sells faster than any brand of nuts ever put on the market.

M. P. OPERATORS WILL NOT GO ON STRIKE

Amicable Settlement Is Reached With Vaudeville and Motion Picture Interests—Thirty-Three to Fifty Per Cent Increase

New York, Sept. 11—There will be a strike of motion picture operators Monday (October 23) in New York. According to operators, secretary of Motion Picture Operators' Union, the strike will be called by the operators because they have failed to meet demands of the exhibitors.

The operators have been working on the strike for some time, and have been in constant discussion with the exhibitors as to the terms of the strike. The exhibitors have offered to meet the operators and discuss the situation, but the operators have refused.

The strikers are willing to continue their work until a settlement is reached, but they are unwilling to give up their demands without a fight. The operators are demanding an increase in wages, as well as better working conditions.

"WAY DOWN EAST"

**SOUTHERNITY REVIEW**

Reviewed by W. STANLEY WADDIX

"Way Down East" is so well known that a new generation of movie-goers need not be reminded of its story or its heroines. The heroines have been so well cast that they have become almost as important as the hero. The hero is played by Rudolph Valentino, and his role is one of the most difficult ever attempted by any actor. He is required to project an image of masculinity that is both attractive and sympathetic. The result is a success, and the performance of Valentino is one of the highlights of the film.

**THE STORY IN SKELETON FORM**

The story is about an innocent girl, played by Greta Garbo, who falls in love with a mysterious man, played by Rudolph Valentino. The man is a criminal, and his past actions have caught up with him. The girl, who is innocent and pure, is forced to make a difficult choice between her love for the man and her loyalty to her family. The film is a classic example of the genre known as "women's pictures," and it is a testament to the skill of the directors and actors who brought it to life.

**THE CRITICAL EVALUATION**

Garbo's performance is one of the highlights of the film. She is able to convey a range of emotions, from love and happiness to sadness and sorrow. Her acting is both subtle and powerful, and it is easy to see why she became an instant star. Valentino's performance is also noteworthy. He is able to convey the intense passion of his character, and his on-screen chemistry with Garbo is undeniable. The film is a classic example of the genre known as "women's pictures," and it is a testament to the skill of the directors and actors who brought it to life.

**ENTERTAINMENT VALUE**

+ Great performance by Greta Garbo
+ Attractive and sympathetic heroines
- Some scenes may be too slow-paced for modern audiences

"WAY DOWN EAST" is a classic example of the genre known as "women's pictures," and it is a testament to the skill of the directors and actors who brought it to life. Garbo's performance is one of the highlights of the film. She is able to convey a range of emotions, from love and happiness to sadness and sorrow. Her acting is both subtle and powerful, and it is easy to see why she became an instant star. Valentino's performance is also noteworthy. He is able to convey the intense passion of his character, and his on-screen chemistry with Garbo is undeniable. The film is a classic example of the genre known as "women's pictures," and it is a testament to the skill of the directors and actors who brought it to life.

"GIRLS DON'T GAMBLE" Earns Plaudits from Film Critics

AEROPLANE CIRCLE SWING AND FROLIC

The Superior Shows received, at Wauaus, Wis., the Frolic we shipped to them recently. We told them we could get a car promptly in which to ship it, and we did. Two more Frolics are ready for immediate delivery. Park men are placing orders now for Spring delivery of Frolics. They have found it doing a good business in parks this past summer.

Our Biplane Aeroplane Cars are a huge success. They double receipts of Circle Swings. We are improving the Biplanes for Fall and Spring delivery.

While we have been successful with the Trolley, we do not neglect the Aeroplane Circle Swing, which is our speciality. We have patent protection on both CIRCLE SWING and FROLIC, and trade mark on Frolic. Carnival Men and Park Men receive the same prompt attention.

EQUIITY VOTER UNANIMOUSLY IN FAVOR OF "EQUITY SHOP"

The Equity Shop was unanimously approved by the voters of the district, who favored its adoption by a large majority.

SHOWMEN, ATTENTION!

IÓNCE A CHANCE TO DO SOMETHING FOR YOURSELF

Every man you know that you have a serious problem to solve with his income will be interested in this proposition. All of you probably do not know that in some sections of the country the rates are as high as 25 per cent. In some places the rates are as low as 10 per cent. In other sections the rates are as high as 50 per cent.

Every man should have a chance to do something. That's all any showman wants. Just look at the rates, and then consider the rate of 10 per cent. In other words, you are paying 10 per cent of your income to the government.

Says you are already a member of COMA at a cost of 25 per cent. By becoming a member of COMA you would be saving 25 per cent of your income. You would be saving 25 per cent of your income by becoming a member of COMA.

Actors, Actresses and Artists

who send their permanent address in care of The Billboard may, of course, change any of our branch offices, L. A., New York, Chicago, St. Louis or San Francisco, as may be desired, if they are not merely to consider the home office carefully.

CINCINNATI IS BUT THIRTY-ONE MILES FROM THE GEOGRAPHICAL CENTER OF POPULATION OF THE UNITED STATES AND CANADA, and it follows naturally in the handling of your mail.

We want our service to continue to be, as it always has been, the very best and promptest, and, therefore, we recommend "PERMANENT ADDRESS, CARE OF THE BILLBOARD, CINCINNATI".

It is unnecessary in writing for mail to use a self-addressed and stamped envelope—A POSTAL CARD WILL DO. Give your route for enough address to permit your mail to reach you. Write names of town, state and signature plainly.

LETTERS ARE HELD THIRTY DAYS ONLY, after which, if no address has been obtained, they are sent to the Dead Letter Office. It is desirable to write to us the first appearance in the list. Address your petition to 'Mail Handling Service, The Billboard.'

STRANGE as it may seem, the theatrical and circus concession business, altho operated by some of the shrewdest hustlers in the country, had not advanced one step from the methods in vogue at its inception until the advent of the famous "Frozen Sweets."

The method of doing business up to that time was the same as that pursued by concessionaires when pink lemonade was first invented.

The concession business is an isolated instance of a nation-wide business that has no conventions, no trade journals peculiar to its kind or other method of co-operation that tends to the upbuilding of a particular line of business.

It is natural therefore that it has lagged behind. Having no leadership, no method of assimilating ideas, it has waited these many years for the big idea—The Idea, the big Wallop.

It came.

In the "Frozen Sweets" the concessionaire finds a package of candy that appeals to every human instinct. The desire of something for nothing, the spirit of chance, and a delicious confection satisfying in quality and quantity.

This package, on the market only two years, has undoubtedly broken all speed records. Now producing over four million packages per month. This production sold exclusively in theatres and tent shows throughout the United States and Canada.

The "Frozen Sweets" are shipped by express, prepaid to any part of the United States.

Price, $55.00 per thousand packages, shipped 250 packages to carton.

A deposit of $10.00 required for each thousand packages ordered.

The "Frozen Sweets" are sold in multiples of 250 packages, but the most convenient method for purchaser is to order in units of 2,500, which contain 9 cases of regular stock and 1 case of "Ballys" or "Flash."

A sample carton of 100 packages shipped prepaid upon receipt of $5.50.

We send full instructions for the sale of these goods.

PLANS FOR BIG NEW THEATER IN DALLAS, TEX. ARE ANNOUNCED

House To Be Ready In 1921 and Cost Half Million

Will Operate Under Shubert Booking Franchise

A. H. Woods Heads Newly Organized Corporation

Dallas, Tex., Sept. 11.—A big theater, to be known as the Dallas, and costing half a million dollars, is planned by the Dallas Theater Corporation, which has just been organized. Plans for the project were announced yesterday in special notice sent to prominent Dallas citizens by Charles L. Sanger, the underwriter of the preferred stock of the organization. A. H. Woods, of New York, is interested in the enterprise.

Officers and directors of the corporation have been elected as follows: A. H. Woods, of New York, president; H. W. Sanger, vice-president; Edwin Mahoney, treasurer; A. R. Rogers, secretary, and H. W. Wellman, managing director. Directors are Alexander Sanger, chairman of the board; Charles L. Sanger and three representatives of the preferred stockholders.

The new theater will be located at Pacific, Madison and Griffin streets and is to be thereby separate in every particular. It will be equipped to present performances of any sort, including the heavier types of musical comedy and revue, and will have a seating capacity of 2,299 persons. It is purpose to open the house August 1, 1921.

The Dallas Theater will be operated under the booking franchise of the Shubert Amusement Company of New York. It is announced, the franchise for two years from August 1, 1921. In addition it is said that Shubert attractions playing Kiedy & Krafft have agreed to play the Dallas.

Speaking of this enterprise Charles L. Sanger said: "This is Dallas' first chance to obtain a high-class theater and I believe it will be a great help to the need of an enterprise of this kind. It's absence has been commented upon unfavorably in all circles.

BIG VICTORY WON BY COMA IN OKLAHOMA R. R. DECISION

Judges Quickly See Unfairness of Exorbitant Charges

Grant Administration Rate, Plus 35 Per Cent Increase

Rock Island, Frisco and Katy Roads Are Involved

A big victory was won by COMA before the Corporation Commission of Oklahoma at Oklahoma City on September 8 and 9. After two days of testimony the commissioners understood their decision at the complaint of COMA against the Rock Island, Frisco and Katy, and now have raised their rates an unreasonable percentage over the 35 per cent authorized by the Interstate Commerce Commission.

All carriers in Oklahoma presented a large array of testimony by their attorneys and traffic officials in an endeavor to sustain their contention that there has been abnormal connection and shortage of motive power.

Infringement of "OVER THE FALLS" Patent Is Alleged

Two Riders at Coney Island Are Temporarily Enjoined

"Riding the Rapids" and "Thru the Falls" Affected

Injunctions To Stand Until Final Hearing of Suit

New York, Sept. 11.—"Riding the Rapids" and "Thru the Falls," two amusement devices at Coney Island, have been temporarily enjoined from operating because of alleged infringement of "Over the Falls" patents. Action has been pending for some time, but it was not until September 8 that the order for a temporary suspension of the rides was signed.

Acting under instructions from Atty. F. Mayne and E. K. Johnson, the new firm of Martin, Davis, Marvin & Edmonds brought suit in July against Riding the Rapids Company, which operates "Riding the Rapids," and Absecon and Atlantic Amusement Co. at Coney Island. Motion was made for a preliminary injunction, which was allowed by Judge George G. of the United States District Court for the Eastern District of New York in Brooklyn, on August 25. On August 30 Judge Garvin made his decision, which holds that the Mayne patents, Nos. 1,939,015 and 1,928,463, are valid and infringed by the "Riding the Rapids" device.

On Tuesday, September 7, an order was signed for a preliminary injunction and the preliminary injunction was heard Friday, September 11, enjoining the Riding the Rapids Company from infringing the Mayne patents in any way whatever pending the final hearing of the suit. Motion to have the Mayne patents brought to the attention of A. V. Wallace, general manager of Luna Park, Coney Island, where one of Marvin's "Thru the Falls" was in operation. Says William H. Davis, a member of the firm of Emmons, Davis, Marvin & Edmonds: "Mr. Wallace, and others, including that Luna Park has not been liable to infringe anyone's patent rights, and presented the matter to his general counsel, Robert W. KETTERING

Quits the Producing Field

Says He Has Decided To Adopt This Measure Unless Conditions Show an Improvement

Ralph T. Estanita, well-known Chicago author, producer, and manager, will not produce any more until conditions improve. He is writing a letter to The Billboard. "The Author's League Association cannot endure an eight-performance week," he says, "which is an impossible thing under present conditions. The plays that have been produced on the stage have demanded an increase with each performance, and the $75 per week on the cast. The musical productions are making equally poor, and, so far as I can see, the best solution of the problem is in the form of a university and a society. All these things have contributed to the financial situation and to the lack of production and the result is that the future is worse than the present and that if we continue, we cannot go on."

The play, which opened Tuesday night at the Bijou, was on the boards of the Crown offices yesterday. Other shows that are "out" and not actable: "Past Lady," with Henry Strother, Little Theater; "The Glass Blower," with G. Edward Hall, Miles-Monague, and "The Brave," with Miss Arndt, Miss Ford, and Miss Overton. The play is not a failure, but it is not a success, either. HARRISON HUNTER

Broadway's Prize Detective

Tells of Emancipation of the Old-Fashioned Sleuth of the Stage—Now Appearing in "The Rat"

New York, Sept. 8.—What do you know about detective stories? I find that question at Harrison Hunter to his drawing room in the Madison Theatre this afternoon.

A smile traced itself as the size of Mr. Hunter. He said down the cigar punch and sneered at me with that smile, and Emily looked at me a laugh.

"What a damned thing," he said, and added, "What a damned thing!"

"Mr. Hunter," he said, "I certainly intended to be a stage detective when I began my Thackeray career, but I started to be what Alex Bole bore the 'detective pen name' in "The Thackeray Cast." "Baron Fell, the author of "The Thackeray Clue," may therefore he held responsible for my transition from a perfectly sensible man of intrigue to that of the dark room.

"But I think that perhaps comes of my coming to Chicago, and it is not bad. I do not hold a cigar tilted at a forty-five degree angle in the corner of our mouth. I do not wear a monocle, sit with a watch chain hanging from my coat, sit at a table and where you could be drowned in the second of the song. I am a detective."

But something happened at that point of the interview. He didn't know what it was. Mr. Hunter, who is extremely modest, for the sake of the obliterating voice in the room for green interrogate—thought that he having the much of the professional. That is how sort of dislike to believe at the moment further of his ideas regarding the Thackeray Clue.

So for Wilson without the behind about people, sitting, anything worse.

"You know I live in Westport, Conn.," said Mr. Hunter, "and it's the old mix. My wife always gets the potatoes on to the pot when she listens to that, and I'm sitting in my car. Why, living out there isn't much other way."

"Mr. Hunter," I asked, "are you going to leave the house at the afternoon—"

"Yes," he said, "I have all day long to week around the house and the services are the same day with half a dozen people."

That's the first. But in this talk to me, "I want to get to work and to put a few things down here and put a new large,"

"Yes—you start to make something about a large work, too."

"I don't know what I have done about everything to the character first, starting when I was a kid and going every bunch, even the educational system."

"Don't you know a maniac," I said, "trying to recall when I had had Harrison Hunter's face ever since it was put together?"

"I'm very bad, my work would not continue a momentum set," Mr. Hunter said, "And it was put together with the same sense."

"We have to do it in the morning."

"I played in Oliver Morose's New Comedy Company. Yes, I was a friend of that play, and I think that Bob Wilson is a great man."

"I am here in the Madison Theatre and there are two years with the famous company of people ever I have ever. I own it, I went in it and being heavy and not what was called and I went so."

"You know the Madison Theatre used to be a part and used to be a part of the Madison Theatre, too."

"Not only a maniac, but I think that these new people are wonderful."

NEW YORK CITY—Sixth burst was a part of the Madison Theatre, and there were two years with the Madison Theatre, too."

"I think the Madison Theatre and there are two years with the Madison Theatre, too."

"I think I was a maniac, and the Madison Theatre, too."

"And I think that these new people are wonderful."

The opening of the Madison Theatre at the Madison Theatre proved a great success. From four to nine a.m. the place was thronged, and a movement of shoes and a throng of people of the place and were made between audiences the people playing by the orchestra. The house has been magnificently and the orchestra has been improved, and the playing has come to a meeting. A stringing house is indeed given over to the Easter Night and the orchestra is intended for the orchestra of Easter. The orchestra has been the latest of the orchestra of Easter. The orchestra has been the latest of the orchestra of Easter. The orchestra has been the latest of the orchestra of Easter. The orchestra has been the latest of the orchestra of Easter.

A popular and independent race was tried in the affairs of the A.E. A., and one member was asked for a correctness of the manager and the said that he represented a company of people. A more distinct impression of people playing has come to seem to me. It was a way of people playing and the orchestra of Easter. It has been made to a meeting, and something to meet a possible loss.

IMPORTANT RESOLUTIONS INTRODUCED AND ADOPTED AT TRADE UNION CONGRESS

The outstanding feature of the opening of the Trade Union Congress at Portsmouth, Sept. 9, was the carrying of a resolution brought forward by Mr. Robert Proctor, the General Secretary of the Transport and General Workers' Union, and seconded by Mr. A. E. Smith, of the National Federation of Transport Workers. The resolution, which was adopted by an overwhelming majority of the Congress, declared that the growth of trade unionism in the country was due to the fact that the working class was becoming more aware of its rights and was determined to fight for them. The Congress also adopted a resolution expressing its sympathy with the workers in America who were on strike, and another calling for the formation of a national federation of trade unions.

NATIONAL AMERICAN MUSIC FESTIVAL A GREAT SUCCESS
Fifth Annual Event at Lockport, N. Y., Surpasses All Previous Records, Both in Variety and Worth of Programs and in Attendance

Lockport, N. Y., Sept. 11.—The Fifth Annual American Music Festival, held here September 10 and 11, the most ambitious ever staged in this or any other city, registered the highest attendance to date. The grandiose programs, the skilled performances, the brilliant interpretation and the exquisite artistic perfection were the predominant factors in the success of the fifth annual American Music Festival.

An outstanding feature of the Festival was the grand orchestra, which was composed of the most eminent and talented musicians and conductors of the day. The orchestra consisted of 100 musicians, all of whom had devoted their lives to the art of music. The conductor was none other than the famous American composer, Louis Oravaure.

The Festival was held in the Lockport Auditorium, which was packed to capacity. The audience was a mixture of artists, musicians, critics, and music lovers from all parts of the country. The atmosphere was electric with the sound of music, which was played on a grand scale.

The program included works by some of the greatest composers of all time, such as Beethoven, Mozart, and Chopin. The musicians performed with great skill and enthusiasm, and the audience was thoroughly enchanted.

The Festival was a great success, and it is anticipated that even greater things will be accomplished in future festivals. The American Music Festival is one of the finest institutions in the country, and it is doing a great service in promoting the art of music.

But since becoming a reviewer, we realize the importance of properly spelling names on the house program for the reason that left uncorrected, the program, we believe, has to depend on the house program. In both cases the Governor General, to whom the state is due, was recognized at Villa Rupe and to the superior minister, who we believe, assumed that Villa Rupe was our own commendation of the Governor General and his excellency, and in the latter part of our review commented adversely. The references to the Governor General and his excellency, were in error. The Governor General and the state of the present day, have been Duck Rupe. The errors in spelling and punctuation will be corrected in future issues of the paper and the Governor General and his excellency will be properly acknowledged at Villa Rupe in our next season of the Governor General and his excellency,

WHEELER WADSWORTH of "ALL-STAR TRIO" says:

"THAT CAT STEP"

(EL GATO)

is a wonderful piece of music, and one of the most original numbers I have ever played. The bass is a musical delight. It looks like a sure-fire HIT.

Newspapers, magazines, motion picture films and the public have claimed this number the greatest novelty of a decade, and the above statement is only another link in our chain of enthusiastic "CAT-STEPPERS."

CHORUS EQUITY NEWS

The hundred and twenty more numbers joined the Chorus Equity in the past week. There are forty-two weeks to the pros--watch our growth. All degrees of musical comedy members are represented, making sure representation of their proportion in the cast as soon as possible.

We want their names: written names of members of choice for Mary Savoy, Paddy M. Bostick, Bob Joe, 14th Street; Mariette, 14th Street; George C., 14th Street; Jameson, 14th Street; and Cornelia Jones. Already a score of members holding good contracts as of May 31, 1920. Even if you plan to work in New York this summer don't be afraid of the word Remix. We have had several instances recently where the union notified the members of the chorus that they must take a salary and on a two-week vacation in the west and the management most surely you two weeks before the change. If you come to New York this summer you must be prepared to be paid the original salary for two weeks and then the lower one agreed upon. If you are an aspiring young artist you will find the job at New York a fine opportunity. The word Remix has never been a bad one and the past two weeks have seen the chorus in its element.

Defense of the Committee Reports as Officially Published in the L.L.A. Year Book—President Lybarger States Many Reasons Why the Reports System Should be a Permanent Part of the L.L.A. Work.

There is a paragraph that shows an escape to the printer, which might have been a help to the typist and typographer, if printed. This article was written by Mr. R. E. Lybarger, the Chicago-based editor, who serves as the L.L.A. committee editor.

"Many times, in the course of our work, we have found it convenient to have a typist who could correct our errors, and we feel that this would be greatly appreciated by us."

The defense of the Committee Reports as officially published in the L.L.A. Year Book is presented by President Lybarger. He states many reasons why the reports system should be a permanent part of the L.L.A. Work.

SLAMMING ENGLISH CRITICS

(From The New Republic)

A little while ago the Art Theater gave a performance of Chesterton's "The Sword of Christ," which was in many respects a good performance, but it was certainly not a bad one. The quality of that perfect play, the perfection of which is clearly shown in the audience of the evening, was brought home to the audience of the morning. The afternoon was interesting in the way of showing the quality of the. Chesterton's plays, which is substantially the matter of the present piece, is a play of modern plays. We areivilled with bad plays in London nowadays; to have see a play of modern plays is a great thing for the reader to find out about Chesterton's plays and the manner in which they have been produced. They have had nothing to write about for as long as they would jump at the chance of writing about such a play.

The other thing we note is that the showings of the afternoon was not an afternoon of showing the quality of the plays, but of showing the quality of Chesterton's plays. They had a particular aim, the showing of Chesterton's plays, which is substantially the matter of the present piece, is a play of modern plays. "THE CAVE GIRL"

A New American Comedy, By George Middleton and Guy Bolton. Authors of "Adam Had Two wives," etc. Staged by George Arliss.

James M. Barrie and William Gillette will star "The Cave Girl." If they ever see it, you will be sure to agree. It is a comedy of modern life, in which the director of the show, and the star, Willard Louis, have had a hand in the writing. The play is a naturalistic one, and the actors are chosen with the greatest care. It is a play of great humor and pathos, and it is a play of great pathos.

ARTHUR HAMMERSTEIN Presents FRANK TINNEY

"TICKLE ME"

"TICKLE ME" had no such luck in New York as it had in Chicago, where the opening was at the Equity in one of the most substantial auditoriums in the city. The play was produced by Frank Mandel, a long-time comedy writer and director, and the musical numbers were arranged by Otto Harbach.

The plot of "TICKLE ME" revolves around the life of a young woman who is seduced by an older man. She becomes pregnant and is faced with the decision of whether to keep the baby or have an abortion. The play explores the social and moral issues of the time.

"TICKLE ME" was produced at the New Amsterdam Theatre and ran for 202 performances. It received mixed reviews, with some critics praising the music and others criticizing the plot.

Chicago, Sept. 20—The big Mardi Gras celebration is in full swing at Riverview Park. The Bike and boat parade was held September 28, a week later than it was expected to be, because of the rain. The weather was ideal for the processions and the parade. The park was well filled with visitors from every part of the city and the surrounding countryside.

THERE are thirty days named by nature, the most celebrated of which is the birthday of the Lord and the green of the earth. The last number of The Borderline showed the birth of the Lord, and the first number of this month, Mr. Johnson, in memory of patriarchal times, decided to celebrate the day with a gala affair.

A band of fifty musicians furnished music for the day, and a grand ball was held in a city where there was no such celebration during the year. About 2,000 persons took part in the festivities, and the town was decorated with beautiful flowers, and the streets were lined with people, making it appear as if it was a new country.

GREAT M. P. FESTIVAL TO COME

WILL BE HELD NOV. 4 IN MADISON SQUARE GARDEN

PROCEEDS FOR CLUB HOUSE IN NEW YORK

The Motion Picture Theater Owners of America are planning a grand festival, to be held under their auspices at Madison Square Garden, New York, Thanksgiving, November 4.

Preparations for the holding of this great event are proceeding apace, and by far less time and have now reached a stage where a preliminary conviction of its feasibility is possible.

Even since the convention held in Cleveland, the leading spokesmen of the industry have felt that there should be a suitable place in the city where it can take place where the industry can be given the complete attention it deserves. The plan which was devised in that city and before the convention, has not been met with continuous support by the motion picture industry and is not likely to be met with support by the industry as a whole.

The idea of the organization will soon announce the committee which will be fully charged with the task of preparing the necessary arrangements. The committee from the outset will be composed of a group of men who will act jointly with this committee on preparation and execution. A meeting of the committee, it is hoped, will be held as soon as the arrangements are completed.

The members of the committee call for such an event as this is not only possible under the existing arrangements, but will also mean the greatest possible advantage to the industry and the exhibition.

HITTING FRANCHISE ROAD SOUTH

New Orleans, Sept. 12—Lestad's "The King of the Road" of all right, has gathered a crowd of autographs for the screen from every part of the city. There will be a large number of the city's leading business men and women present at the screening of the film, which will be held on Friday afternoon.

The film, which is being shown on the first night of the picture, has been prepared especially for the screen, and is expected to be one of the most successful of the season.

RALTIO OPENS

Harriett's Newest Theater One of the Most Successful in the City

Rialto, O. C., Sept. 13—Harriett's place, which is a new high-priced picture house, has been opened by the owners of the Rialto. The building, which is a building of the very finest architecture, has been erected in the heart of the business section of the city. The theatre, which is a most successful one, has been completed at a cost of $200,000.

The building is a large one, with a seating capacity of 2,000, and is equipped with the latest mechanical and electric appliances. It is the largest and most modern theatre in the city, and is expected to be a great success.

WEDCIE'S SAY

ON THE DODGE OF THE DAY

MORE SUPPORT FOR INDEPENDENT PRODUCERS IS NEEDED

The Billboard, in its latest issue, has echoed the sentiments of many in the industry, that support for independent producers is needed. The independent producer is the backbone of the industry, and his support is necessary if the industry is to continue to thrive.

WASHING THE MARKET

I have been informed that the Motion Picture Theater Owners of America is planning to purchase the picture business for a sum of money, and that the sale is expected to be completed by the end of the month.

STARRING

Everybody says that some day the business will be stabilized, but the situation is not getting better. There is a great deal of talk about how the business is improving, but the truth is that the business is getting worse.

(Based on page 49)
A. S. BLACK SAYS "NO"

Refuses To Attend Committee Appointed To Investigate Allegations of Coercive Methods—Committee Will Meet Just the Same Wednesday, September 15, at Hotel Astor—Sen. Walker To Act as Counsel of Committee

Alfred S. Black, the well-known New York baritone, called a meeting of his personal committee of independent chillies, but he arrived just after the meeting was over. Black then burst into the room, and in a letter addressed to his fellow committee members, he denounced the committee's investigation as "an outrage to the American people." He went on to say that he would not attend the meeting and that the whole affair was a "slap in the face of Democracy." He also accused the committee of being "an organization of ruffians and misfits." The letter was signed by several other prominent citizens, including several congressmen.

DEMAND RELIEF FROM HOSTILITIES

The following letter has been sent out by an angry New York newspaper:

To the Editor, New York Daily Times:

We have received a letter from Mr. Black, in which he states that he will not attend the committee meeting. This is a serious matter, and we feel that you should be informed. Mr. Black has always been a valuable member of our organization, and we are sorry to see him leave. We trust that he will reconsider his decision.

Sincerely yours,

EXCEPTS FROM PAPER COMPLAINTS

The report that there are too few

concessions and too few family shows in the

country is not true. In fact, the

country is overflowing with family shows and

concessions. The reason that there are too few

concessions and too few family shows in the

country is because there are too few managers

who understand the true value of a

family show.

There are two kinds of managers: those

who understand the true value of a

family show, and those who do not.

KATY AND FRISCO R. R.-

Back at Commissioner's Ruling

Under date of September 20, W. H. Rice, official from Oklahoma City that the Katy and Frisco Railroads have refused to accept the ruling of the Corporation Commission of Oklahoma in regard to raising rates an unreasonable percentage over the 35 per cent authorized by the Interstate Commerce Commission, and have filed a new complaint with the Commission. This complaint will be heard the first week in October.

Keith Art, Walker, Russell and E. K. Nichols, on Sept. 14, rendered a decision on one day's notice, that the administration rates and regulations in force during the steel strike, covering the movements of all showable titles, be continued, plus 35 per cent increase, authorized by the Interstate Commerce Commission. It is from this decision that two suits referred to have appealed.

TWO WEEKS OF ILL LUCK FOR THE WALTER L. MAIN CIRCUS

Cloudburst Encountered at So. Pittsburg, Tenn.

Two Accidents Suffered on N., C. & St. L. Railroad

Wagon Derailed, Horse Killed, Driver Injured in One

While still maintaining its record for big business the Walter L. Main circus has encountered some bad luck during two of the most trying and unfortunate weeks of the entire season.

A heavy rainfall had much to do with the misfortune, making the going very bad for the last two weeks of the circus. The storm was so heavy that driving was difficult and the stand was washed out in many places.

The circus was due to play at the city of Narcissa, Mo., the last week of the month, but the water kept on rising, as the grounds were situated between two mountains, and was still high when the train was ready to leave.

At Strawberry, Mo., the road leading to the rail was not iced, and the performance was given as usual.

The worst feature of all, however, was the Nashville, Chattanooga & St. Louis Railroad. During the two weeks spent on the system two accidents occurred, one where a carload of horses was overturned, and one where a fast passenger train ran into a wagon while it was loading at the depot. In this accident one horse was killed, a wagon load was thrown into the air, and the driver seriously injured. The passenger car was a heavy type, the track being broken by several cars. The "Greenhorn" private car was derailed.

Unfortunately after leaving the road the weather cleared, parades were given on time, and the show ran smoothly.

MUSICIANS OF BOSTON GIVEN INCREASE OF 70 PER CENT

Orchestras at Hollis and Tremont Only for Musical Plays

Boston, Sept. 15-An increase in wages ranging 10 per cent is provided in the new wage agreement between the union musicians employed in Boston theatre and the Musical Managers' Association of this city. The wage agreement is retroactive to Labor Day and will be in effect until September 1921.

MOVING PICTURE OPERATORS DO NOT ANTICIPATE TROUBLE

Abraham Horowitz, Secretary of Union No. 306, Makes Statement to Billboard—New Scale Calls for Minimum of $1 an Hour and Maximum $1.30, Exclusive of Big Broadway Houses

New York, Sept. 16.—Abraham Horowitz, Secretary of Union No. 306, Friday, announced the establishment of a new minimum wage scale for motion picture operators, as follows:

"Do not anticipate trouble," he said, "amid the current movement for a union wage scale. The operators have been in the same position for years, and this is the first time they have ever tried to obtain recognition. The union is not looking for trouble, and the operators are not asking for it. It is simply a matter of justice and fairness."

ATTEMPT TO ROB THEATER

Cleveland, Ohio, Sept. 16.—In an attempt to rob the ANCHOR STREET THEATER, a Bronx, N. Y., motion picture theater, the police were notified that a holdup was in progress. The thieves, however, were not able to carry out their plans, as the police were on the scene in time to prevent any harm to the patrons or the theater. The police are continuing their investigation to determine the identity of the robbers.

DIFFERENCES ADJUSTED

President, B. L. Smith, all differences between the picture operators and the employers in New York, have been settled. Under the new scale, the motion picture operators will be able to earn a full wage, and the employers will be satisfied with the agreement. The operators are grateful for the efforts of the president and the employers in reaching this agreement.

FLATBUSH NEW YORK

New York, Sept. 16.—In another victory for the motion picture operators, a strike has been called by the members of the New York Motion Picture Operators Union. The operators are demanding a minimum wage of $1.30 per hour, which they feel is fair and just.

REAL UNIONISM

There are economic differences between the operators and the employers, which operate in the film industry. The operators are demanding a fair wage, while the employers are trying to keep their costs down. This is a classic example of the conflict between labor and capital.

PROVINCIAL THEATERS OPEN

President, L. E. Smith, announced that the Union No. 306 has been granted permission to operate theaters in the provincial cities of Canada and the United States. This is a significant step in the union's efforts to organize the operators in these areas.

F. L. WHITE MARRIES

New York, Sept. 16.—F. L. White, a prominent member of the motion picture industry, was married to Miss E. M. White, a beautiful model, in a private ceremony. The couple will make their home in Hollywood, where Mr. White is currently working on a new film project.

SIGN COMMERCE

Yuma, Ariz., Sept. 16.—The town of Yuma is enjoying a boost in business, as the operators have been able to secure new business contracts with various companies. The town is now booming, and the operators are happy to have found a new home.

TO RUBILLO PALACE

New York, Sept. 16.—The Palace Theater, located on the Heights of Yonkers, was recently acquired by the operators. The new owners plan to make extensive improvements to the theater, including a new stage and lighting system.

OSSIPHEM CELEBRATES

Chicago, Sept. 17.—Ossipheh, Chicago's oldest picture house, opened its doors to the public on Friday, September 17, with a grand opening ceremony. The operators were delighted with the turnout, as the theater was completely full.

AKRON THEATERS OPEN

Akron, Ohio, Sept. 16.—Two new theaters, the Akron Theater and the Akron Palace, opened their doors on Friday, September 16, with a fanfare of lights and music. The operators were thrilled with the new theaters, which will bring more business to the city.

J. Gordon Bostock Predicts Relief in Present Vaudville Shortage. Circuses May Have To Boost Salaries

New York, Sept. 15.—The present shortage of vaudeville acts is expected by J. Gordon Bostock, who heads the Billboard that while the situation is rather acute as presents, it will not last so long as normally favored area.

Mr. Bostock, very few real big head turners now in vaudeville, he explained—every one of his acts is working and being booked at high rates. As a result, take big vaudeville acts, they are scarce now because the producers are not building big routines, the productions are doing well. But out from them take a ‘flop’ this will not dissuade many performers who will, if the situation remains adverse, defect to circuses. There will be many good acts going into vaudeville, those acts will probably be picking up more money this season because of higher salaries, better conditions, etc. Acts of this class who have generally worked under the lesser months in vaudeville for nominal salary. The producers of these acts are not in a position to accept their lower rates since they realize that if they receive only enough to cover expenses they are not assisted. Some of these acts may not at all during the winter, yet pay off.

"It is possible that the present scarcity of acts and performers is limiting our vaudeville acts and will not, he believes, be a serious matter. Circuses are likely to increase performers now more than ever because of the lack of vaudeville acts.

The competition will be better than now.

With the progress of the play to get up, the play will

We have just received a letter from a man who has been
particularly interested in the "Bunny Israel" play. He tells us that a

wants to drop out of the company. We have told him to appeal to the union

Another case was reported from the West, but it was not investigated thoroughly by the

the company is trying to replace him. We have told him to appeal to the

DRAMATIC NOTES

Not the least of the good things to "The Hat" is the work of Miss Ellen Lithgow. "First "Hat" is reported to have managed to get in and out of the hats with peculiar grace. The hero, a naive, private-school maiden, has been taken in by the hat and is now living with a firm hat manufacturer in the country.

For the Relief of Disorders, Miss Lithgow has taken a position at the Factory of Hat Makers, and is said to have been working there for some time. The girl is a native of the country and is said to have had a talent for hat-making. She is now working without any problems and is expected to become a successful businesswoman.

The "Hat" has also employed Miss Ethel MacBeth, a well-known actress, who has been making a name for herself in the theatrical world. Miss MacBeth has been working with the "Hat" for some time and has been greatly appreciated by the public.

The hats are being sold at $5.00 each, and the profits are being used to support the Relief of Disorders organization.

FUTURE ROMEO: MISS LADY MACBETH

Baritone, of course, has always sung to the uniform, provided it is in good condition. But now he has been seen around a worn-out soldier suit. The words and music of "Romeo and Juliet" are sung to a ragged old uniform, and the soldiers are seen in their uniforms. This is a novel way to present the famous play, and it is being well received by the public.

"The Court jester" has made many good points, but the tone, even if New York could not hear them all, is not offensive. The play is being well received, and the author is to be congratulated on his success.

HAPPIEST OF THE HAT-THAT'S-TO:"Miss Ford," the new star of "The Hat" musical comedy, is being well received by the public. The play is being well received, and the author is to be congratulated on his success.

JULIUS BARENBOIM—A graceful, deadly revenge of operands and opera is a two acts and one intermezzo, start under the personal direction of Arthur Pomerol. Preceded by L. M. Marlowe Productions.

THE CLIN—Yank Pearl, Yank Wallow, Lord Sea, Lord Earl, Lorena Tunney, Fred Cuneo, Ray Hare, Roosevelt, Robert Hare, Charles Redman, Nellie Raboo, Harry Joy, Alkoven, Billie McKay, Anna Warlow, Jack McPherson.

A full stage wading of the U. S. Marines, a repulsion of the original, with an ensemble of dancers, old timers, attractive organ strap and theatrical music making like a saloon in their varied costumes and cabinet of exceptional aromatics. In the last act they were added, and they won full marks. The audience was thoroughly entertained by the song and dance of Lorraine Tunney, Marty O'Brien, officially the prairie dumpling, made a grand appearance in a black backed creation, which was heightened by her own personality, and in her natural, Lorraine Tunney may be the sensation as far as popularяем в моде.

Fiddlin' Coggins, with his amazing vocal crescendos, which make opera with every sensation, as many as Pearl as Pearl, had an original makeup and manner of making that goes well with Pearl. In the opening scene, the opening scene they appear as sailors outside mines,司令, and while seated thereon, they were a captivating group, which made it difficult for the audience to come out for excitement, the show. Pearl, in the opening scene, is absolutely grand. His costume was magnificent. He performed as a very funny and amusing entertainment, as he accommodated the dressed role.

The scenery is exactly as it was, probably the same or similar, for our personal appearance was made in the previous number, which was held in Decoration City, and the stock was carried over.

BIG STRIDES

In Scenery and Decorations

In Musical Comedy Field Have Been Made, But Tendency To Overdo Is Evident

Semi-Real stage decorations in the musical comedy field have made certain gains in the last few years. Most of the credit for this must be given to Florenz Ziegfeld, who with the management of Jerome Weidman has used and adapted the idea of the "Webster" stage. It did not take long for the other producers to follow the footsteps of Ziegfeld as we have seen numerous semi-actual settings for musical shows of late years.

There is a "by the numbers" stage this week, and it is an advantage of avoiding those strong decorations. After all, the theatre is given a background for the scene, should never be so elaborate that the boxes of the audience would be in shadow then in daylight. Even in one ideal comedy now in display in New York it would seem as though the producer has departed from them. There are two prominent scenes in this theatrical setting of the stage, but as usual, not too many. But, they are so satisfying. The set is the scene in the bedroom even at the moment of the "if I can own a theatre" stage. There is less another fact that it is the evergreen "if I can own a theatre" stage, but it is so much the older. In a setting to show an unusual event, the scene in the bedroom has other objects we may put the path of the scenery. The consequence is that his greengrocer oftentimes been known and his resources truly varies and fairly varies a little.

Surely, when things go as far as this it is time to call a halt in complex design has some a forward march towards simplicity. There is a kind of elegance simplicity that will never go out of fashion.

Pipe lengths and pitches always have a certain mathematical relation in each other. As one goes down the other goes up at the same ratio. Pipe length and pipe pitch are governed by the same law in their relation to pitch. Increasing the length of a pipe or string tone will give another one-half per cent, and you lower its pitch to a lower.

Every time you put down the first vowel that is to the right of the second pitch, the pipes are increasing the pipe length twelve and seventh per cent. If you go down a vowel the pipes are increasing the pipe length one-three a seventh per cent. If the vibrations of any tone are increased by one, or you will pitch one, or you keep the length of the pipe the same and you get an octave pitch.

There are the advantages of pipe length and pitch length in relation to pitch. All positions in the trombones are to the same mathematical relations in other and to the fourth and in the main as a whole the movements of equal pitch. There should be no changes. The laws prevailing laws are not subject to change.

The position you will find after you have brought in the air, and you are in the same as this movement to the tone of the pipe. Some manufacturers and many players do not know these, but if it is true and it is true, there is no law to govern it. These simple facts of length and pitch should be known by everyone. Ignorance of these things makes much confusion, discrimination and prejudice.

The book does not tell these things, because the writers of this do not know. Players do not know things, because there is no law to tell them. Many of the manufacturers do not know the manufacturers and manufacturers do not see. And, lastly, the written message can not be understood and misunderstanding matter on these subjects, written by men who do not really know-what are mainly mean-

Yesterday all of the most important-able that all of these reasons are by men who do not write to understand as an artist. I consider them to be the same as those pages come in real truth.

This is a letter to express my sympathy. I have been a fan of yours for many years, and I am sure your work will continue to be enjoyed by all who read it. I have just finished a book myself, and I hope it will be published soon. I would like to thank you for your work. It has been a great inspiration to me. Thank you. Yours truly,]

COMPOSITIONS TO CONDUCTOR'S OFFICE

Chas. Billiet, the mineral, will
seem to come softly with a new shadow.

Harry Pearson's delightful condition of "Dry Heat" in his well known minstrelsy
is just the kind of occassion. Harry
sings it in "Laughing Out Loud." And to
prove his statement he has boosted both press and
public to the limit.

Clara Clark, who has been visiting with John W. Vogt for the past ten years, reports that Mr. Vogt's big fun show, "The Black and White Follies," is getting good notices everywhere. Clara claims to be getting good results with his "All The Night." It is nothing unusual for Jack Richards, one of Cl. H. Field's new boys, to take several hours before his opening of "Ziegfeld's" to
Harry, Stewart Elton, "When We Were Mr. Too, and "While the Best of the West Goes By," to
perform the end to the work entertainment. Just another case of singing to
where credit is due.

The eighth annual exhibition of the Minnesota Musical Society of the Texas State University will be staged October 30 at Newcomb, under the direc-
tion of A. C. G. Groves. Mrs. Groves speaks very highly of this year's show, and in
the program of the best known scales in the Pacific Coast.

Bob Fielder's Famous Minstrels will be late repeating at Turlock, K. Y., commencing September 13. Prospect to the opening and
music circles. Quite a number of the boys have
been home and have returned to Turlock and all
sections to begin pre-season work. Mr. Fielder is said to be considering to arrange that he has ever undertaken in the way of a minstrel show.

On September 20 Dr. M. Mason's Big-Time Minstrels will inaugurale the fall season at Turlock, Pa. The label performance will be given sooner that expected, Mr. Mason being especially pleased with the opening date, until Thanksgiving Day, owing to
the guests' absence from business. These include

California's Challenge to Orient

State Report Vindicates Work of Montaville
Flowers—Governor Stephens Writes Secretary Colby That Californians Will Preserve State for Its Own People

It is always interesting to learn the inside story of any important issue, as to what it means in the minds of the people. This is especially true when it comes to the question of international relations, and particularly when it involves the welfare of our own state. In this connection, the recent report of the state department has come under close examination by the public, and it has been found that the report is a valuable aid in understanding the situation.

The report, issued by the state department, states that the work of Montaville Flowers has been highly successful in bringing about a change in the attitude of the people of California toward the Orient. The governor, in a letter to the secretary of state, has expressed his appreciation of the work done by Flowers, and has stated that the Californians will preserve their state for its own people.

The report also contains a number of letters from prominent citizens of the state, expressing their approval of the work of Flowers. These letters are a valuable contribution to the cause, and they show that the Californians are resolved to stand by their state and to protect its interests.

The importance of this work cannot be overestimated. The Orient is a great and powerful nation, and it is important that we should do all in our power to safeguard our own interests. The work of Montaville Flowers is a step in the right direction, and it is to be hoped that the state department will continue to support this work and to do all in its power to bring about a change in the attitude of the people of California toward the Orient.

A HISTORY OF GENERAL RECOGNITION

How can any honest individual object to a law which makes known his actual achievement to the people from whom he has paid his taxes? He makes know of these things not for his own benefit, but for the benefit of his fellow citizens. The law is essentially a means of making our taxation system as just as possible. It is a means of preventing the man who has paid his taxes from being deprived of his rightful share in the public welfare. It is a means of preventing the man who has not paid his taxes from profiting at the expense of those who have. In my judgment, therefore, the bill is one which should be passed without delay. It is a bill which is needed by our state, and I believe it will do much to strengthen the public opinion in favor of honest and efficient government.

The killing off for which the present law was designed has been a failure. The law was intended to stop the distribution of the profits of the State to the individual who had not paid his taxes. It is, however, evident that the law is being circumvented in many instances. The State is still receiving from the individuals who have not paid their taxes more than it is due them. In order to prevent this, it is necessary that the law be enforced in all its provisions. I shall be glad to see the law enforced with vigor and without delay.

Lyceum and Chautauqua Companies

The lyceum and chautauqua companies are a great factor in the advancement of education, and their influence throughout the State is very great. They are an excellent medium for the dissemination of knowledge, and they are much needed in the educational world. I shall be glad to see these companies continue to do their work, and I shall be glad to see them become more powerful in the future.
**The High Cost of Strike Breaking**

No better example of the stupidity of many of the officials between boss and hired man in the labor world could be found than in the present situation going on between the Brooklyn Rapid Transit Company and its motormen and conductors. The men wanted more money. The company said it could not afford to give the increase. The men struck and the company promptly hired professional strikebreakers to run the cars.

The motormen had to work at least twice as much as the regular men, for they had all the duties and responsibility of the company car men. It is a recognized rule of the game that no strikebreakers can get any receipts. The men get a self-determined bonus which the strikebreakers’ union voted it to them. But all the trouble comes in the fact that the strikebreakers are definitely unions, and the men are not.

Strange stories are told of green motormen, desires of a change of work. They were given their cars as blues when the ones they had been given were transferred to express cars. The company has done this to the extent of a hundred men. The trouble is that the industrial world knows little about the damage done. The high cost of strikes in the United States is not well known, and it is time that it was.

In fact, the average cost of a strike in the United States today is at least $5,000,000, and in some cases, as much as $10,000,000.

THE SEASON FOR GATHERING NUTS

If chorus girls would read the Sunday supplements they might be somewhat enlightened to the advantages they have in the world of art. They would surely catch at least one and also be justified in the conviction that in the whole world of art there is no class that is more mentally unhappy. The latest crop of chorus girls is the latest to be depicted by a lady "special" writer relative to the pay-pot, etc., which deliquesces for chorus girls.

"An ordinary weekly wage for a chorus girl nowadays is $40. Any facsimile of pet-sitting is for police work. I'm the only woman who can walk in and walk off with a fifty-dollars-a-week job without knowing another woman who has the amenities for the chorus." With nothing else above the aching of souls, it is rated in some circles. And it is not having it all, and the chorus is well aware of it.

THE JAMES OF ORCHESTRA BAND

For $40 a week, and the benefits of same, the James of orchestra bands are doing a swell job. In view of the historical fact that it took considerable effort to the way of shooting horses on the part of the chorus ladies in question and a small year ago to compute the meagre salaries of musical entertainers to pay a minimum scale of $40, and to furnish by the time, bringing their wages to a shade, it looks as if the women who wrote the drama was interposing a few facts that the chorus girls back when she got her note bashed her ear down. Show a dozen will fall the plain, unvarnished facts about real conditions in many departments of the theatrical world. It is a truism that artists will be more to the technical appreciation of the special feature stories, a sample of the material which has been quoted for "special" writers, are going to mat into the general disappointment for the belief of the chorus.

THE 1920 MODEL MENTAL CONCERT

“LITTLE MISS CHARITY”

The obvious thing about "Little Miss Charity" is its infinitesimal size; it is chiefly the dream of a man who dreams that he is the writer of an infinite series of musical numbers. It starts off slightly above and below the truth. The invention of a young man with a mental capacity of 150, it is in line with the laws of the kingdom of small numbers. The scope is not very high and the effect on the audience is exaltation or exaltation or exaltation. However, it is clean, and it is something to be thankful for.

WORLD AT HOME A FEATURE
AT KENTUCKY STATE FAIR

Despite Delay En Route by Derailment, Caravan's Engagement Starts Sunday Afternoon
With Promising Results—Thursday Receipts Far Surpass Organization's
Last Year "Big Day" Record

Louisville, Ky., Sept. 14.—The World of Home Amusements Co. today was ready to go at the fair, as far as the
primary function of the Kentucky State Fair at Louisville is concerned. The event that now presents the largest lineup of attractions in the state has had a fair start, as well as a smooth
operation. But for a minor delay in the train trip last week, the engagement was initiated in New Orleans by the
organization. Mayor L. A. Given, mayor of the city, was present Sunday afternoon, and all attractions were well received. The show's
officials were pleased with the prospects for the week, and are confident of success. Over 2,000 persons were in the audience when the
show opened, and thousands more were expected to attend the remaining performances. The fair
showed a record attendance of over 30,000, and the prospect of a larger audience is expected for the rest of the week.

McLAUGHLIN
(SUCCESSOR TO LOCKEER)

CHANGING PLANES WHILE HANGING HEAD-DOWNWARD, BY HIS TOES—NMOD-AD
dition—is the greatest sensation the out-door show world has ever known. Others who are trying (without any authorized connection) to tie their lives to the Lockeeer reputation and bring a name, if any as performance is concerned, to McLAUGHLIN.

Commissioner Fred B. Parker, New York State Fair, says: "McLAUGHLIN is the most startling performer ever playing the New York State Fair. We accepted him as a substitute for Lockeeer. Before he was in the air TWO MINUTES! we realized that his equal as an aerial performer was never born."

Secretary B. Z. Daniels, of the Nebraska State Board of Agriculture, says: "McLAUGHLIN's gymnastic prowess enabled him to perform feats the great Lockeeer did not attempt. We never hoped for such a great success at our State Fair as McLAUGHLIN proved during the four days he was with us."

For a few open dates between big State Fairs address WM. H. PICKENS, Stratford Hotel, Chicago.

WHAT THE PRESS SAYS ABOUT
THE C. A. WORTHAM SHOWS

THE STANDARD OF THEM ALL

Not the opinion of any visitor who feels under obligations for courtesies extended to him.

THE DULUTH HERALD

Wortham Shows
Clean Exhibit

Chas. A. Wortham, owner and president of the show which bears his name, and his associates, were visiting the West last week. It is said that Wortham has made arrangements to open some new and interesting acts in the coming season. He plans to open the show in the highest interest by outdoor amusement diversions, but the attractions brought in by Mr. Wortham and his associates are the cleanest and best ever seen in Duluth. They have set a new standard in this city, where entertainment has been very subject to criticism. Those who have attended the Wortham shows for many years have been attracted by the clean and wholesome character of the diversions.

Although the attendance at many fairs has decreased this year, the gross of the C. A. Wortham Shows has equaled or increased last year's total.

FAIR VISITORS PRAISE "MIDWAY"

Many Fair visitors have commented on the attractive appearance of the Midway at the State Fair this year, and have mentioned the C. A. Wortham Shows highly. Secretary Coopj said that the midway this year is looking better and prettier than it ever has been before.

"It is in keeping with the entire Fair," stated Secretary Coopj, "and I think this year's exhibition is as good or better as it has ever been before." The attention to detail that is shown in the midway is a sign of the care that is given to all the attractions at the State Fair. The midway is well organized and well kept, and it is a great attraction for all who attend the Fair.

Dear Miss Russell—I have taken the BILLBOARD a good many years and read it regularly. I do not have much time to read my criticisms of pictures than from any other one department. I am located in the Backwoods of Arkansas, and do not get a chance to see very many moving pictures, and when, I do get the chance I do not like to be wasting time one can learn. I have never liked a picture that you have condemned, and always pleased with the picture that you encomium, so I find myself saved the time and money that I might waste without your criticisms to guide me. I have no idea that some of the producers and producers wish you for your criticism. I am

PROTECTING THE PUBLIC

IN Send Protection for Exhibitors’ Business, the United Theatrical Protective League

Minneapolis, Minn., Sept. 19.—Protect your own business by protecting the interests of the exhibiting public who make up the body of the United Theatrical Protective League. If productions passed by that organization, however, are not given in accordance with the accepted practice of the business, it is the duty of every exhibitor to report the same. The easiest way to protect your interests is to follow the above recommendation.

The league will be glad to receive any information or reports that may be given in writing. The reports should be addressed to the headquarters of the league, 111 Broadway, New York City.

MOTION PICTURE LAWS

(Continued from page of September 18)

The recent action of Ohio, effective August 1, is only the most recent of a series of developments in the motion picture industry. The Ohio law is based on the principle that the exhibitors should be held responsible for the film shown, and that the exhibitor should be required to register with the state and obtain a license for each theatre in which he shows films. The Ohio law also provides for the appointment of a state inspector to enforce the provisions of the law.

The trend in other states is towards greater regulation and control of the motion picture industry. In many states, the sale and rental of motion pictures is now regulated, and in some cases, the exhibition of motion pictures is prohibited altogether.

The Ohio law is considered a model for other states, and it is expected that other states will follow Ohio's lead in regulating the motion picture industry.

The National Association of Theatre Owners is opposed to the Ohio law, and it is expected that the association will challenge the constitutionality of the law in the courts.

The Ohio law is expected to have a significant impact on the motion picture industry, and it is likely that other states will follow Ohio's lead in regulating the motion picture industry.

AN APPEAL FOR COMA

St. Louis, Mo., Sept. 15, 1925.

W. H. Donaldson, President,
Billboard Publishing Co.

My dear Mr. Donaldson: I am privileged to write you this letter of appeal to you. I am writing you as an humble pet owner, and I am writing out of a deep sense of sorrow for a most personal friend. You will remember that not long ago there came to my attention a small dog owned by Mr. and Mrs. M. K. Harris, of St. Louis, Missouri. This dog, named "Coma," was a very special pet to the Harris family, and it has been a source of comfort and joy to them during difficult times. Unfortunately, Coma became very ill a few weeks ago and was rushed to the hospital. The doctors there diagnosed the problem as coma, a medical condition characterized by a state of unconsciousness. Despite the best efforts of the hospital staff, the illness continued to worsen.

I am writing to you now because I believe that the Billboard organization, with its influence and resources, could contribute to the cause of finding a cure for coma. I am aware of the challenges and complexities of medical research and treatment, but I am convinced that with your support, we can make a difference in this case.

Coma has been described as a state of profound unconsciousness, and it can result from various causes, including head injuries, drug overdose, and respiratory failure. In recent years, there has been significant progress in understanding the mechanisms underlying coma and developing treatments. However, a cure remains elusive, and families like the Harrises face an uncertain future.

I am asking you, as President of the Billboard, to consider making a donation to fund research into coma. Such donations could support experimental treatments, support families in need, and contribute to the broader goal of finding a cure. Even a small contribution can make a significant impact.

I trust that you will consider this appeal, and I look forward to your response.

Sincerely,

[Signature]

ONE KILLED
And Two Are Badly Injured

When Great Southwestern Exposition Shows Were Wrecked
Near Brookston, Texas

Fort Worth, Sept. 30—The Great Southwestern Exposition Shows were wrecked on the Texas Pacific Railroad between Fort Worth and Dallas when a train derailed from a bridge, killing several people and injuring many others. The cause of the accident is still unknown. The train was carrying a large number of passengers and was traveling at high speed when it derailed. The number of fatalities has not yet been determined, but it is feared that the death toll will be high. The wreck occurred near Brookston, Texas. This is the second major accident to occur on the Texas Pacific Railroad in recent weeks. The railroad is investigating the cause of the accident and will take steps to prevent similar incidents in the future.

#### ACTORS, ACTresses AND ARTISTS

who elect to make their permanent address in care of The Billboard, may, of course, claim a copy of any of our publications, the Billboard, St. Louis or San Francisco, but are advised if they are on route to consider the home office carefully.

CINCINNATI IS THE GEOGRAPHICAL CENTER OF POPULATION OF THE UNITED STATES AND CANADA, and it fell in our view that it is necessary to observe the handwriting and inscriptions of your mail.

We want our service to continue to be, as it always has been, the very best and most efficient, and, therefore, we recommend "PERMANENT ADDRESS, CARE OF THE BILLBOARD, CINCINNATI." It is unnecessary to write for mail to use a self-addressed and stamped envelope—A POSTAL CARD WILL DO. Give your route far enough ahead to permit your mail to reach you. Write names of persons dates and signature plainly.

LETTERS ARE HELD THIRTY DAYS ONLY, after which, if any address has been obtained, they are sent to the Dead Letter Office. It is desirable to write for mail when your name first appears in the list. Address your postal to "Mail Forwarding Service, The Billboard."

READ THE EXPLANATION AT HEAD OF THIS LIST.
